J6 Lt.

To
the
Lt.
Com-
man
der?

Please head to
Lt. Commander
Zerkin

It's a
higher
post

You got the
permission to
join the Titans

To join
the
Titans?

me...

Don't think it was
mere luck. How
many officers do
you think, have
made an application?

Do it right,
JG. Lt.
Eliard
Hunter

What
are you
making
for a
face
Those
who are
elected,
need a
suitable
appear-
ance

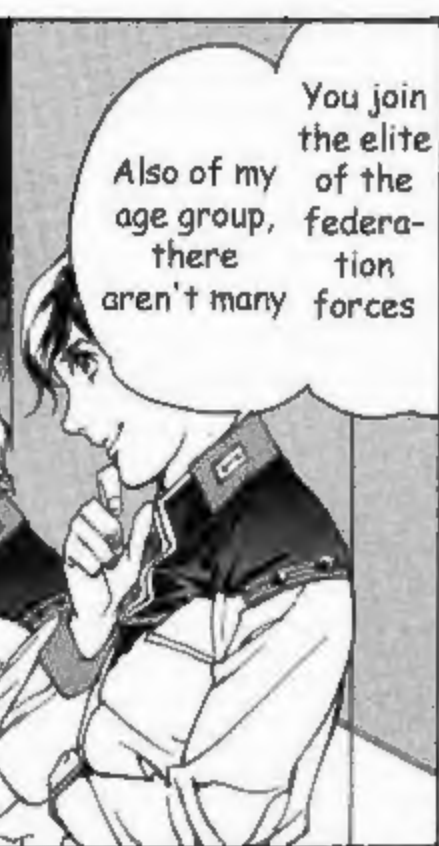

If you like it or not, when your uniform changes, you will feel it

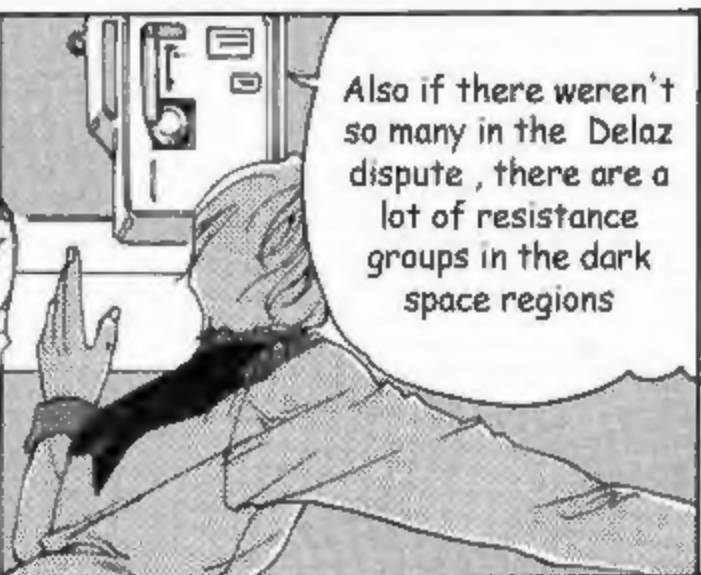

To tell the truth, I haven't realized it yet

You join the elite of the federation forces
Also of my age group, there aren't many

It's not a mock up fight, I have to show my skills in real combat

Also if there weren't so many in the Delaz dispute, there are a lot of resistance groups in the dark space regions

I failed

It's sorry but

I understand

You will give those evil old agers, the iron fist of justice!

Ortho

It's the
MS Team
from the
Aswan!

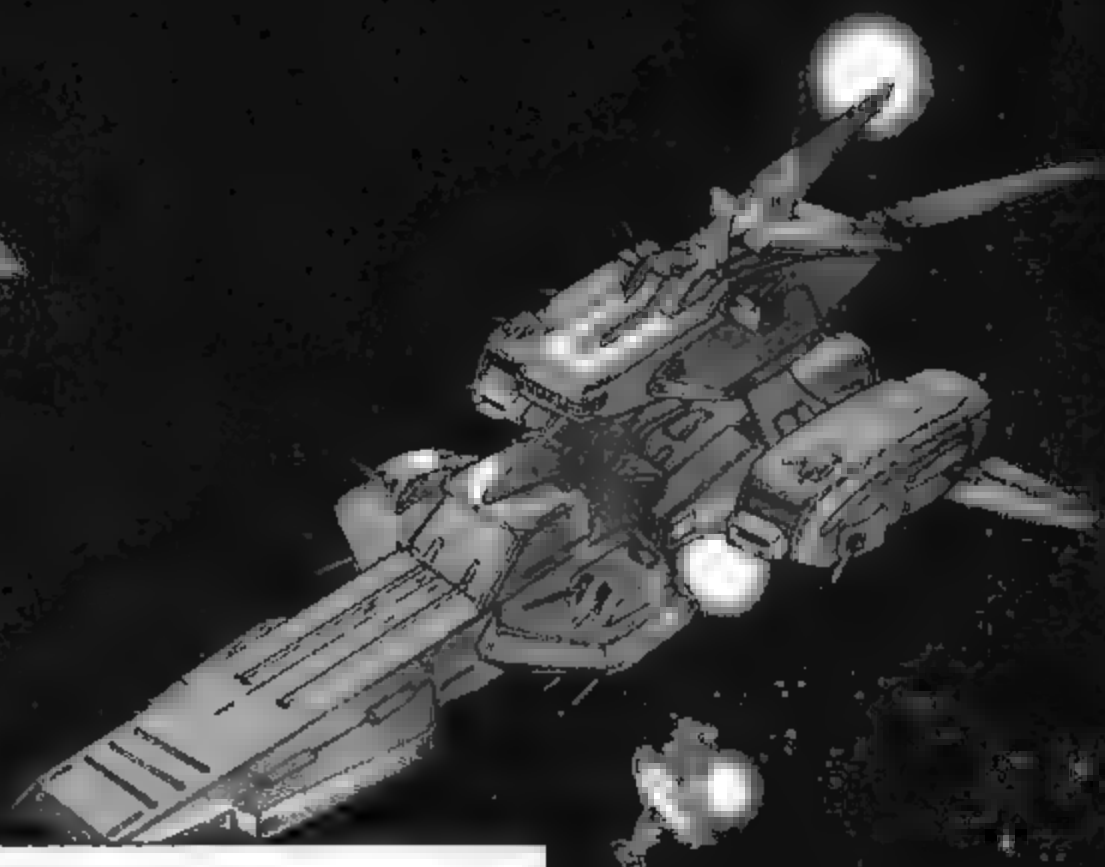

No it's
a bit
different

Is it a
GM quel?

Finally, I
came here

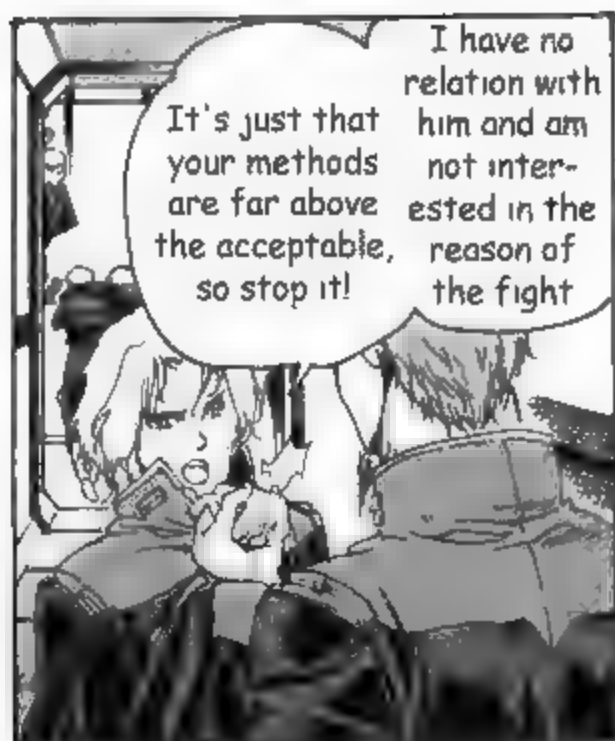

Alexandria class space cruiser "Aswan"

MAINBRIDGE

You're over-doing it
To beat him like that .
What are you thinking!!

It began again!

Of course!!

It is for sure that they will stay for 3 days in the cell

Both seem to be newly arrived pilots

Stop, you irresponsible idiots!

Please stop!

Both of you, stop

If you are
such guys
from the
beginning...

I am JG Lt.
Audrey April
of the Black
rabbit Team

I came here to
welcome both
JG. Lt.
Eliard Hunter
and
Carl Masuraba

Did you come
here to fight!?

Both
JG Lt.?

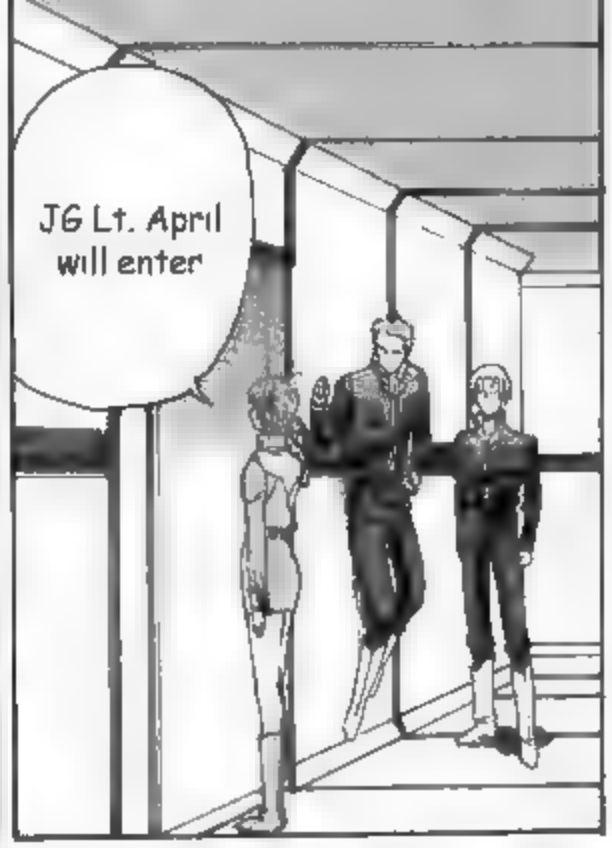

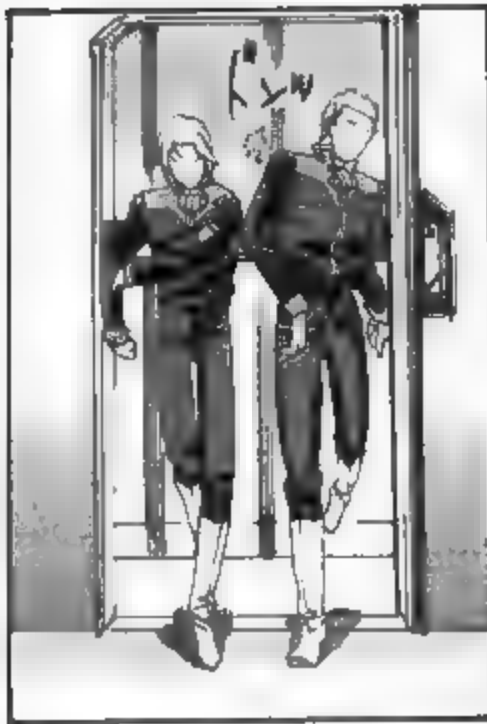

What?

That's
the
worst
...

...Can
it be?

You are
making a
brave
appearance

I am Lt.
Wes Murphy,
the team leader
of the Black
rabbit team

Well,
what
shall I
do

some words to
raise the morale.
I thought
that but .

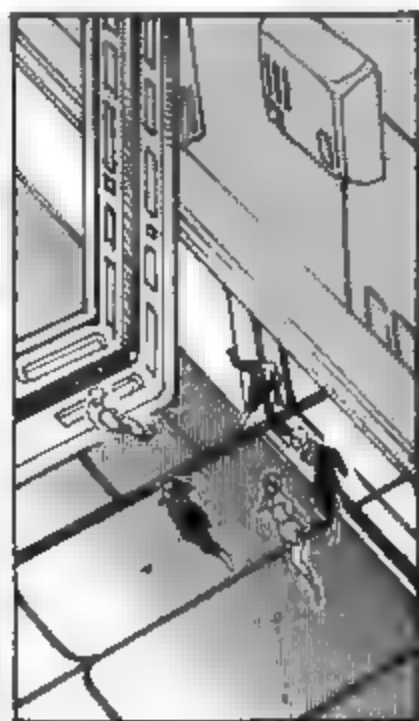

Normally,
I as the
superior
team
leader
should
give the
young
new
Titans

I just
thought of
a thing
which fit's
your face

come

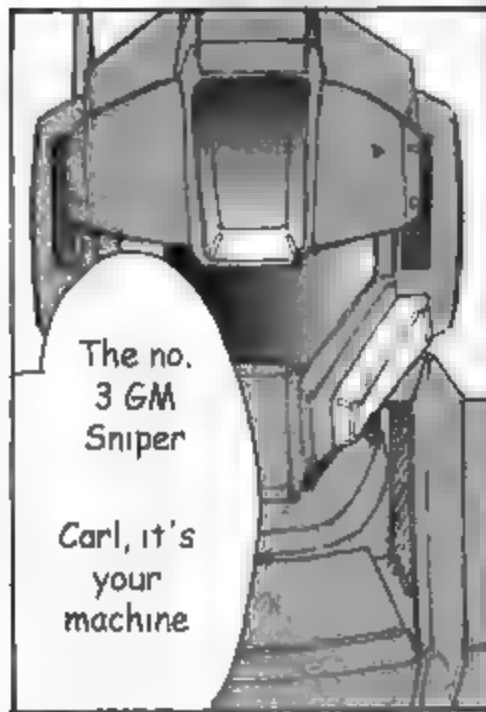

You seem
not to need
such things

good.

The
upgraded
GM No.2
will be in front
piloted of us

War comrade 1

I've seen it.
Congratulations
for your
first kill!

I made it!
I shot it
down.
Have you
seen it?

Audrey!

Oh?

I got my
first star
before him!

Indeed the
beam rifle
is truly a
good weapon

I made it
with one
shot.

Have you
apologized
for the
incident
before?

Well, it's his
first real
combat, so
isn't he in an
cheerful
mood?

Eliard
seems to
be in an
bad mood

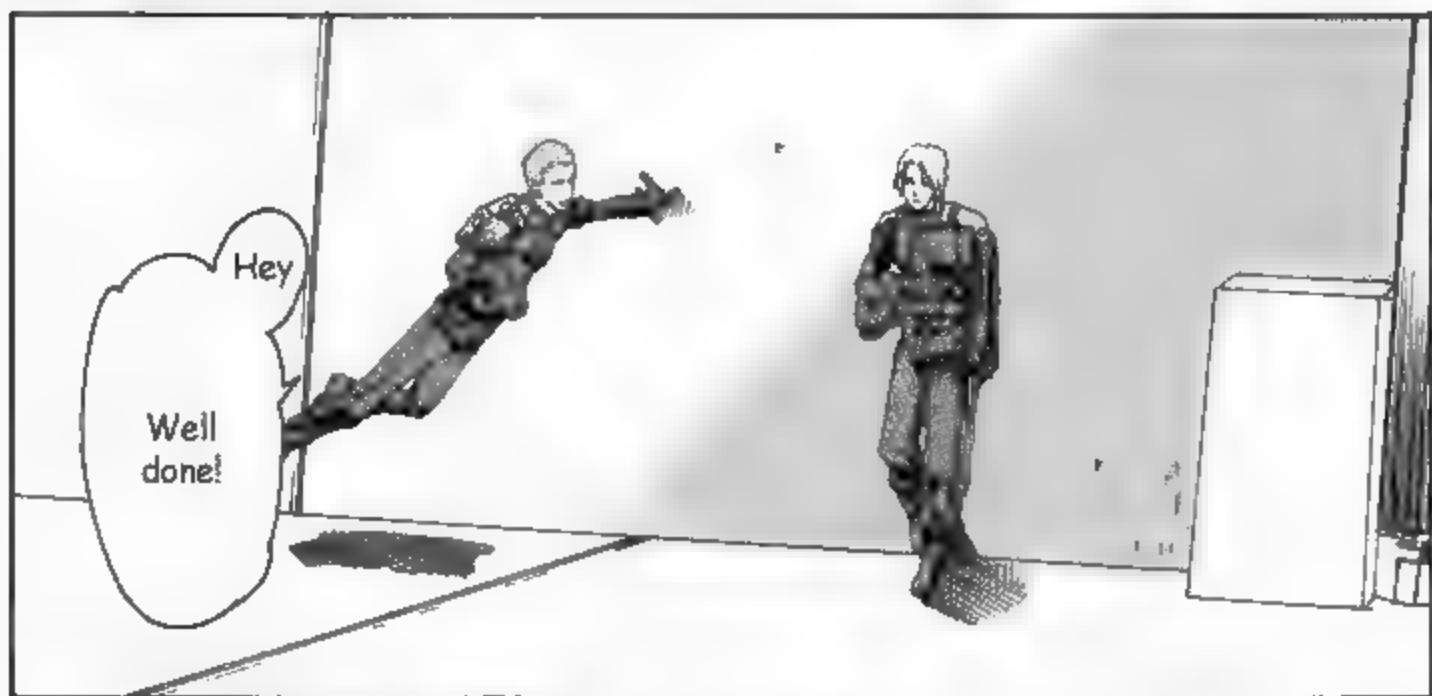

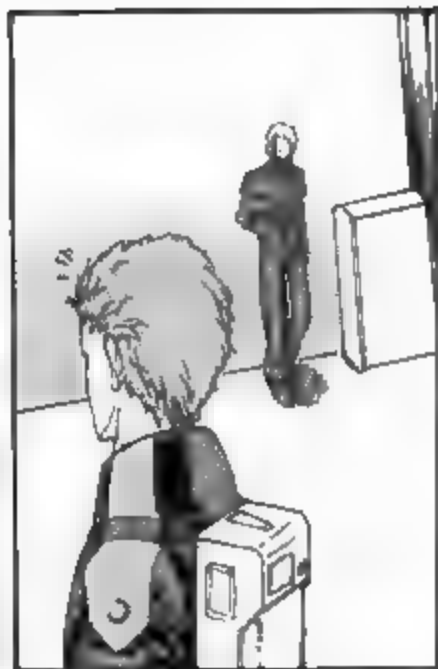

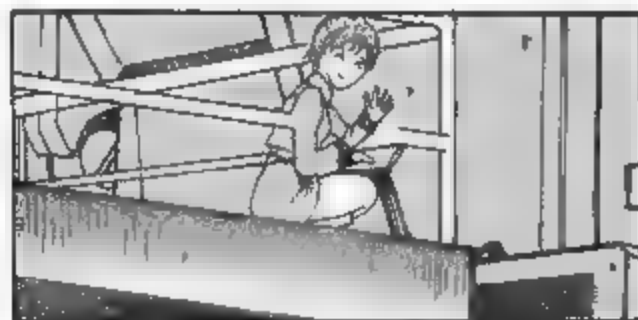

But
though
that

That was
a kind of
greeting

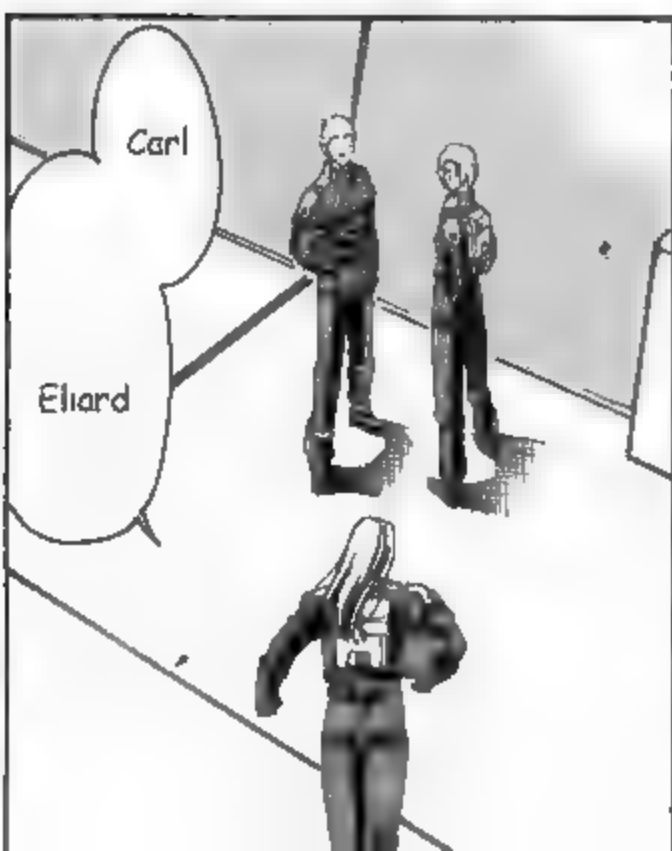

I didn't
beat him
with a
intention

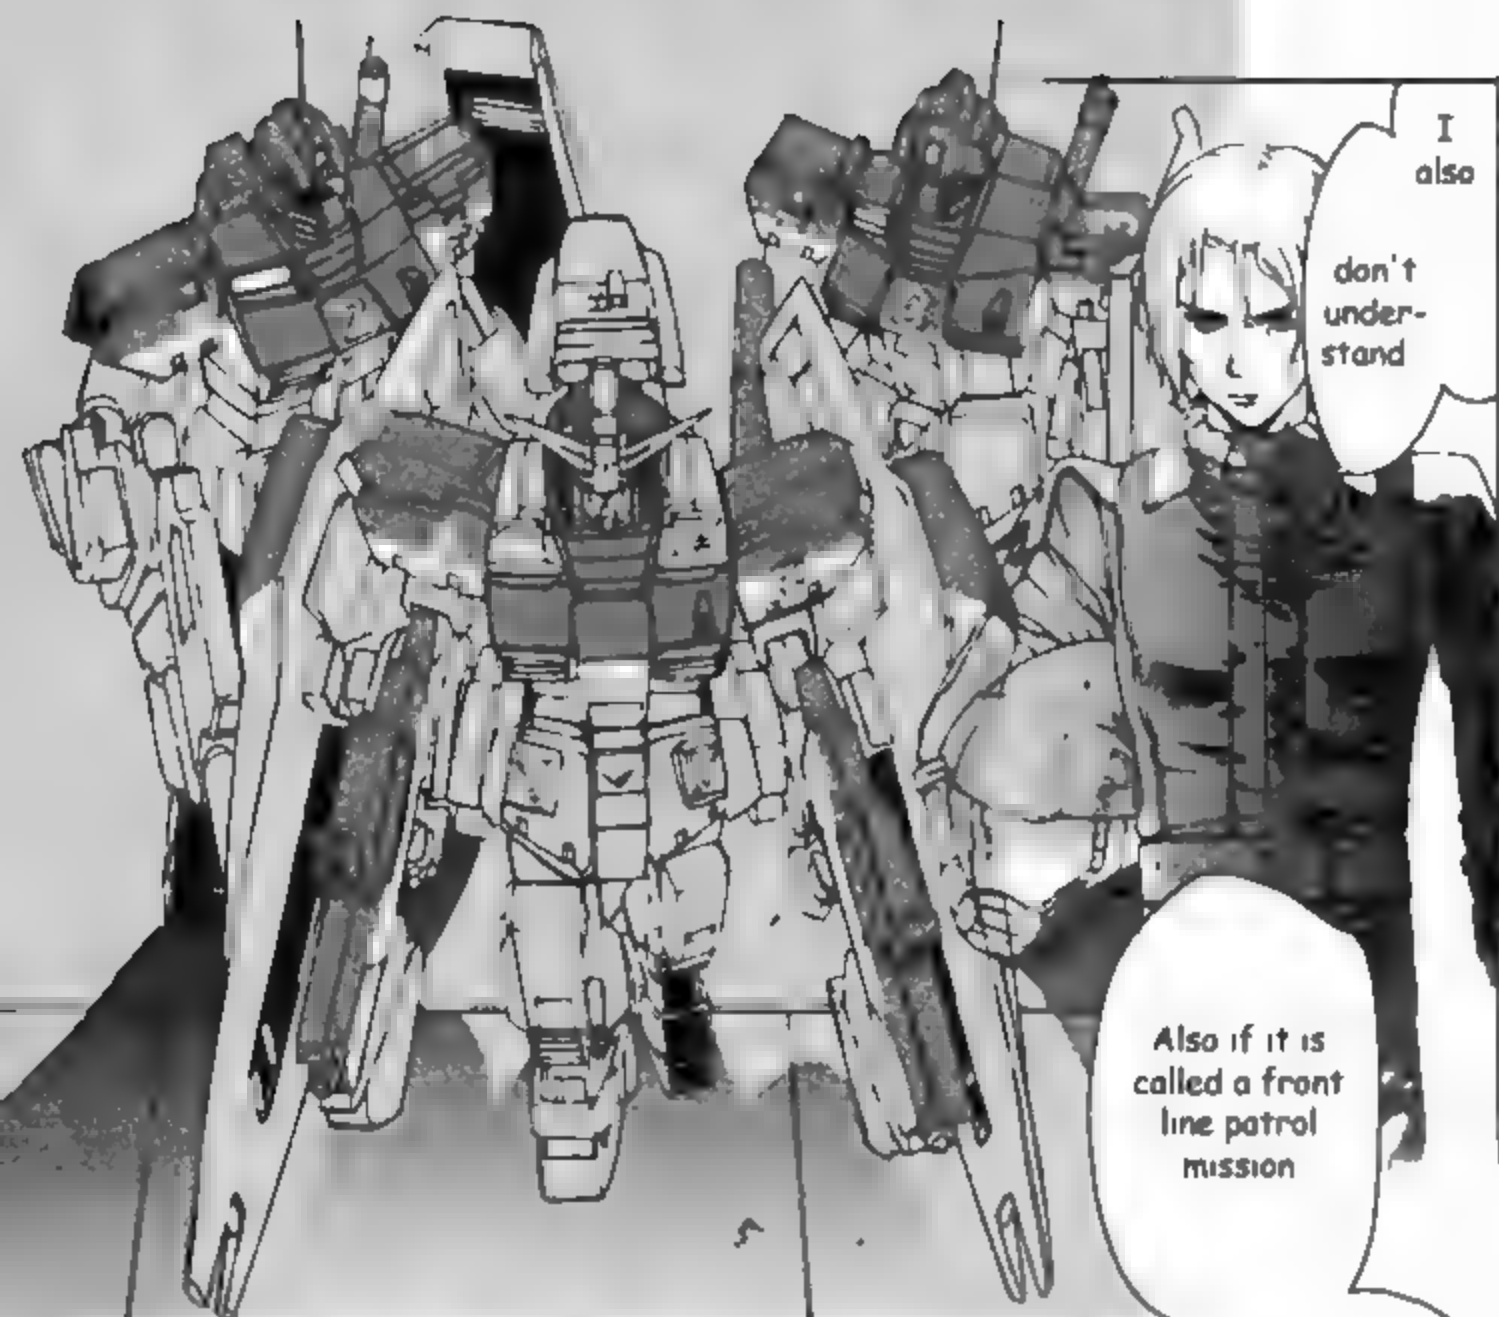

I also

don't understand

Also if it is called a front line patrol mission

OK, OK

Now, your first priority is to get friends with your machine, or

What are you saying

If they won't come out
There's no difference from an exercise

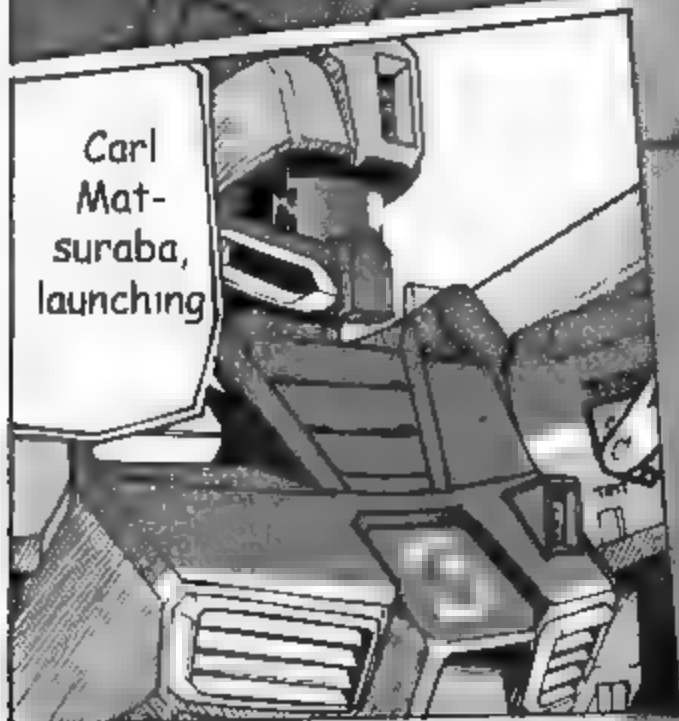

Roger!

It's the same for you, Eliard

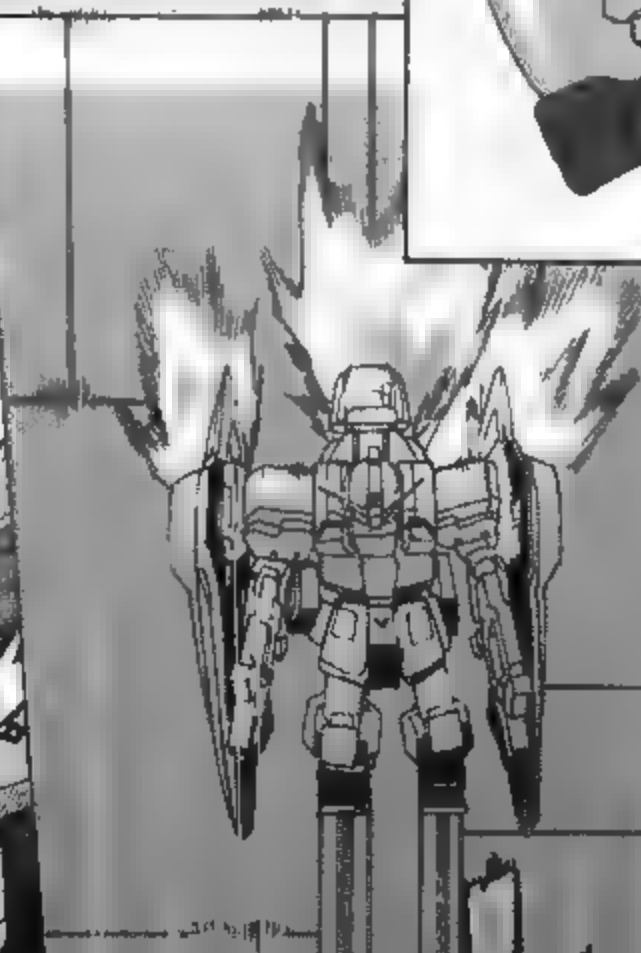

JG Lt.

suraba,

We're
going
out!

I missed!

They've come!

It's a MS signal on the radar!

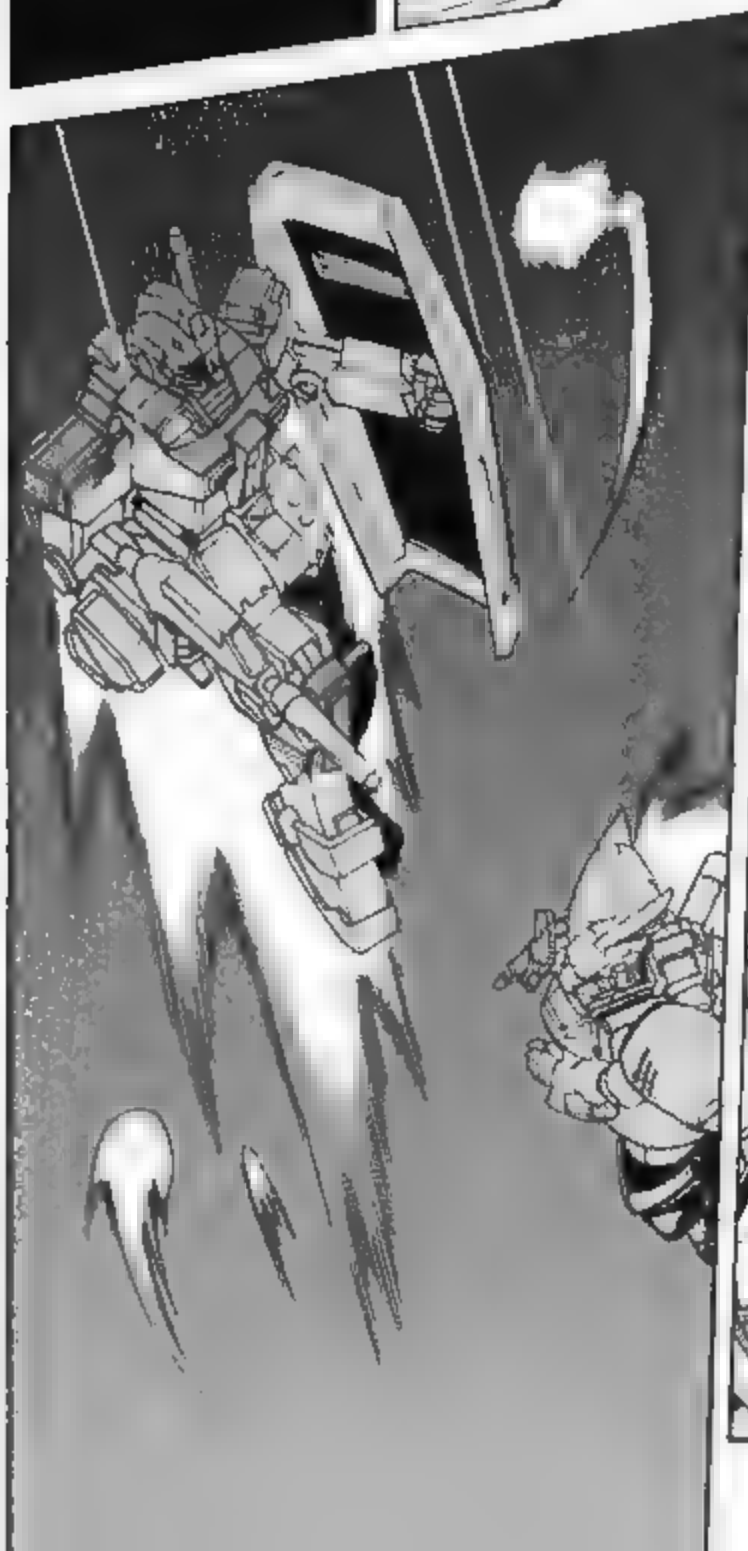

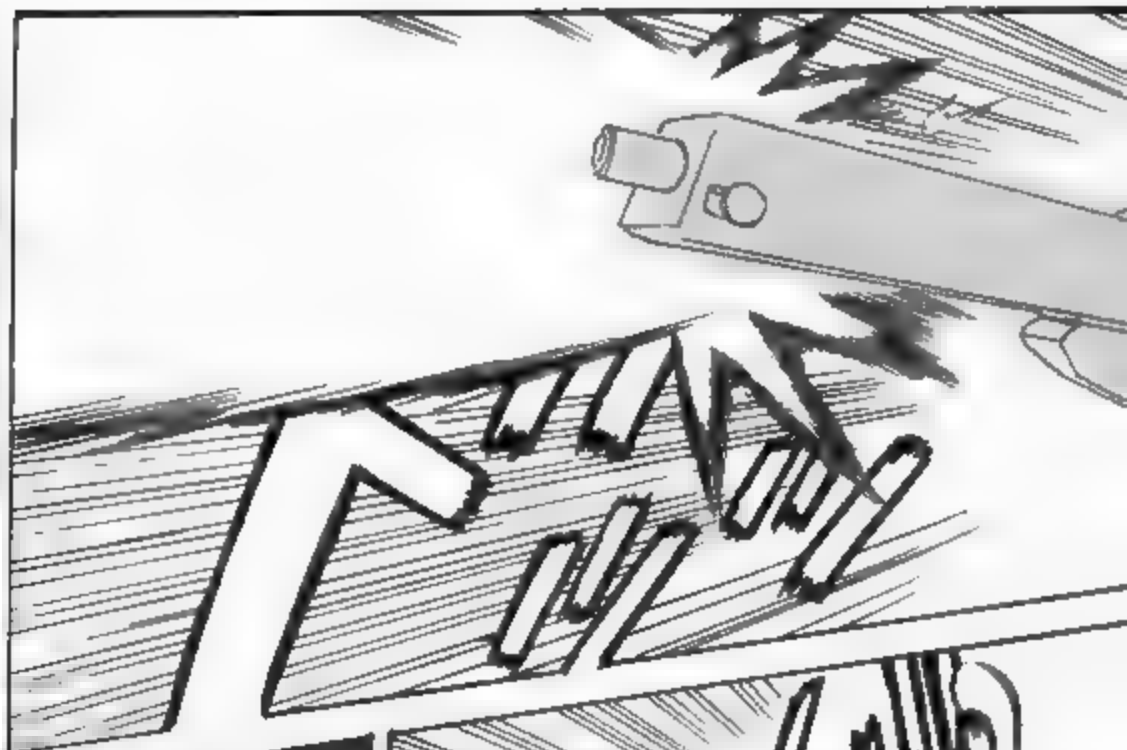

Carl, shoot!
Let them fear us

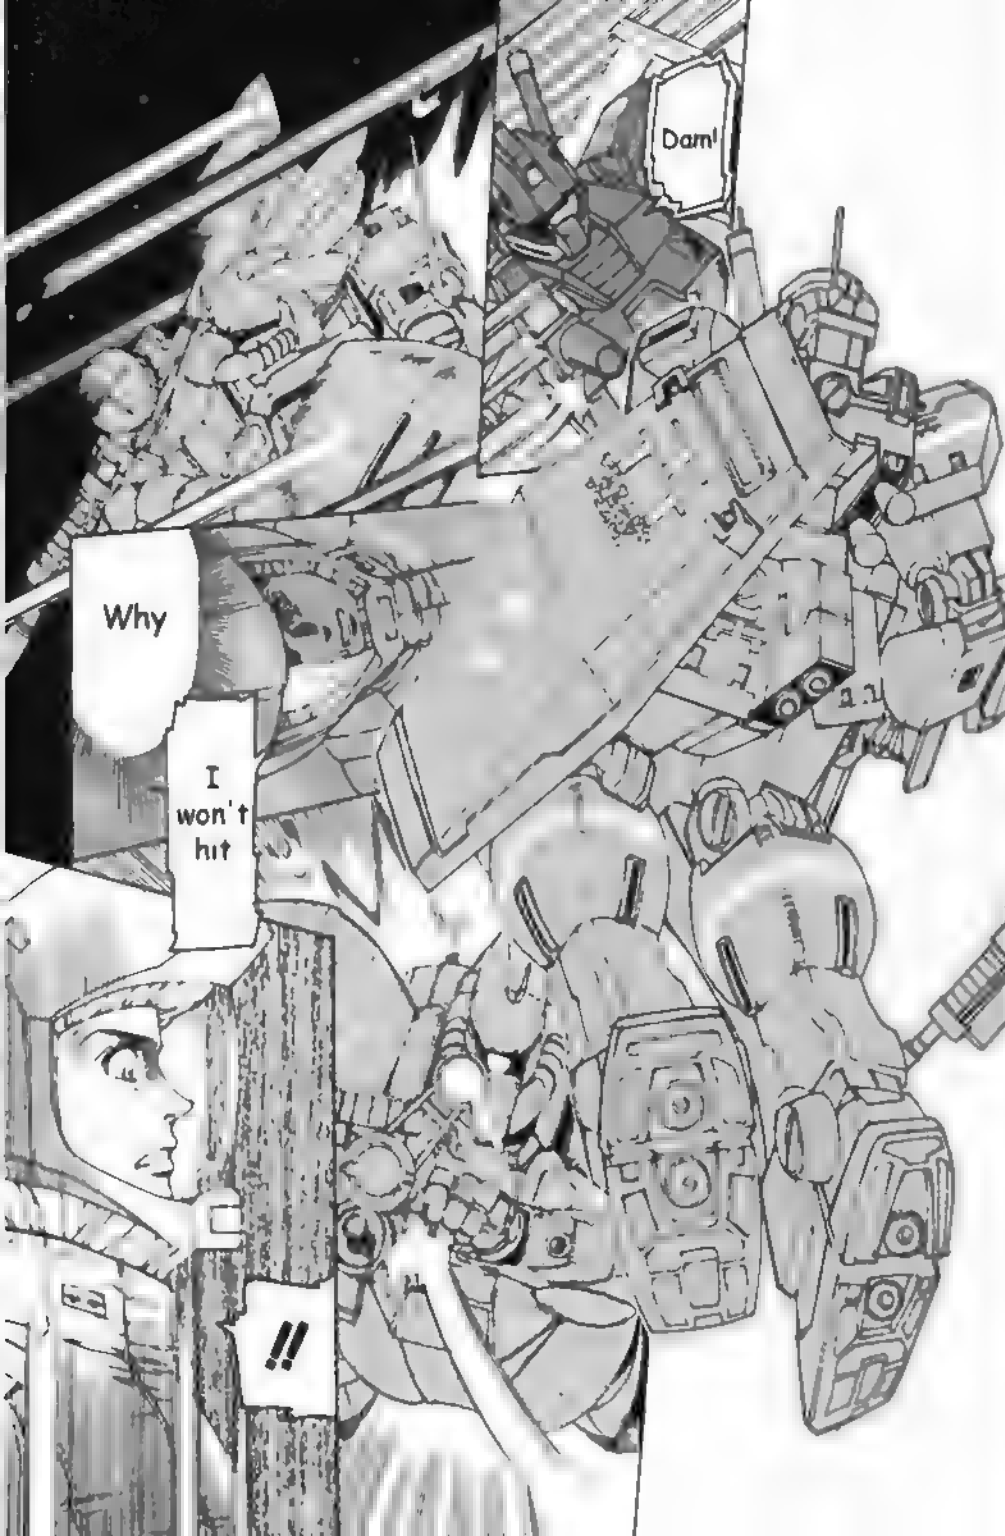

Three Gelgoogs are coming towards us

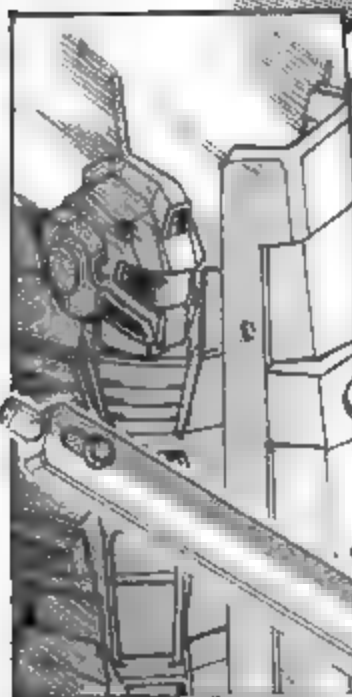

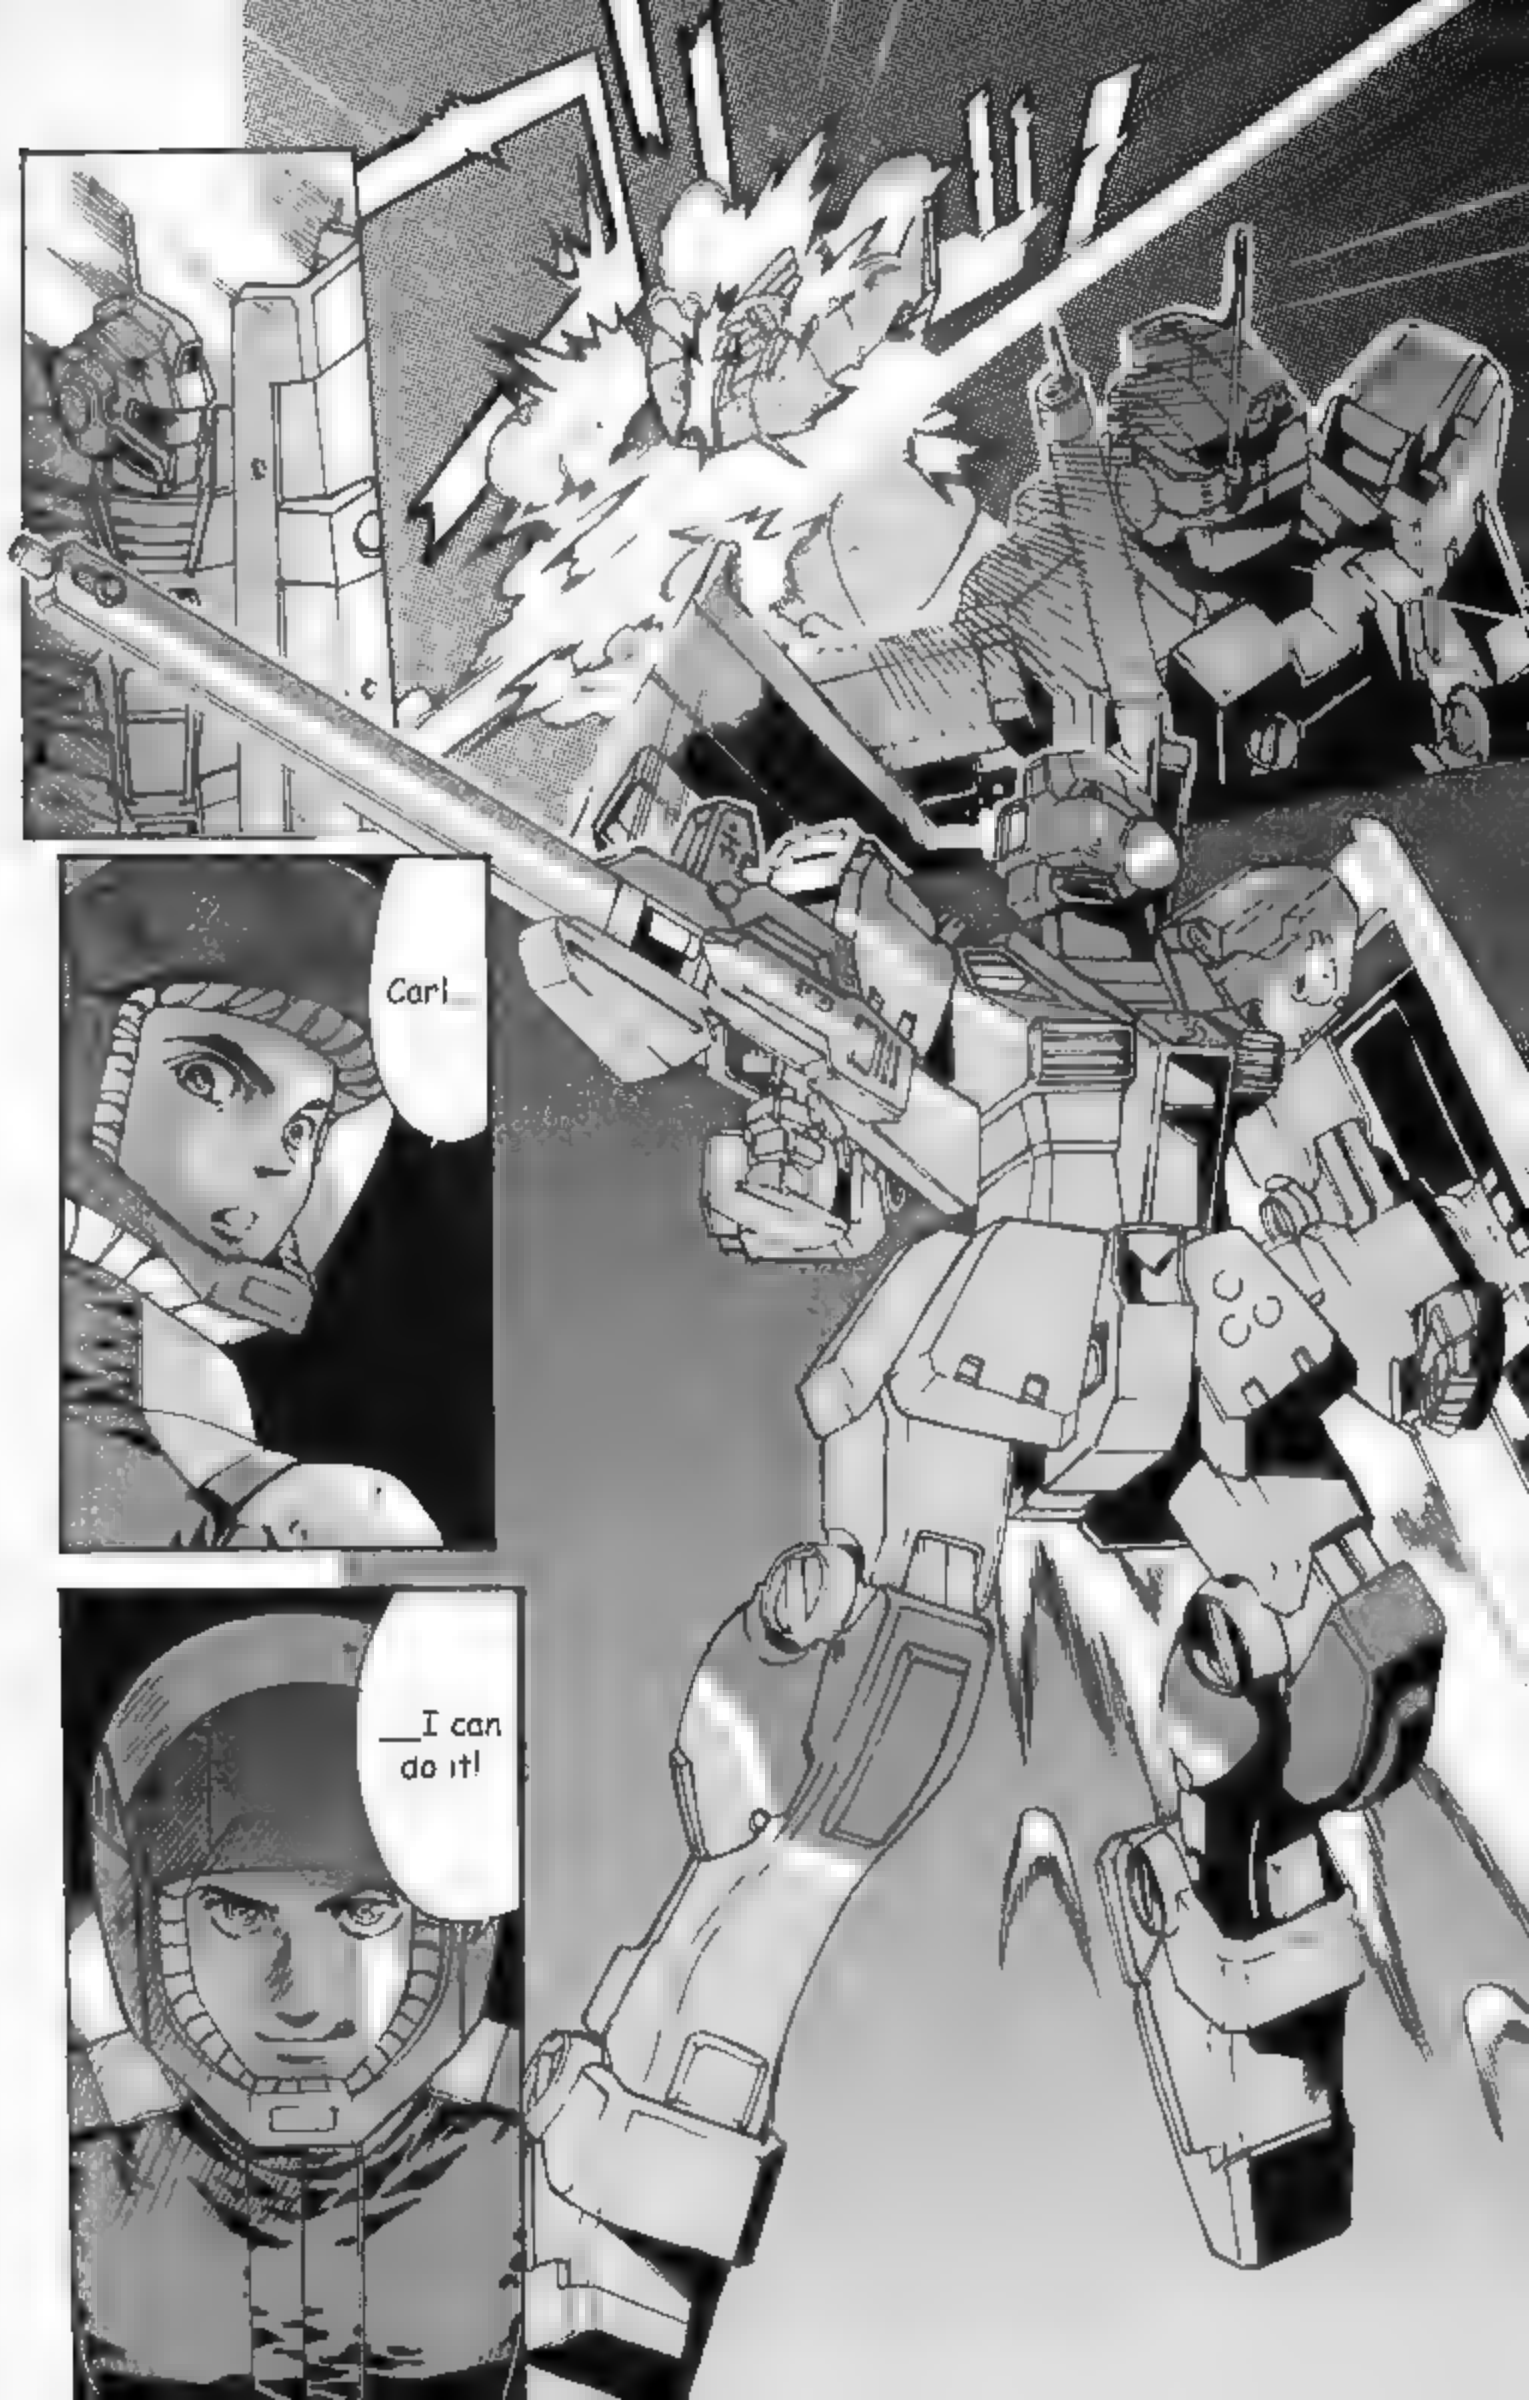

Roger!

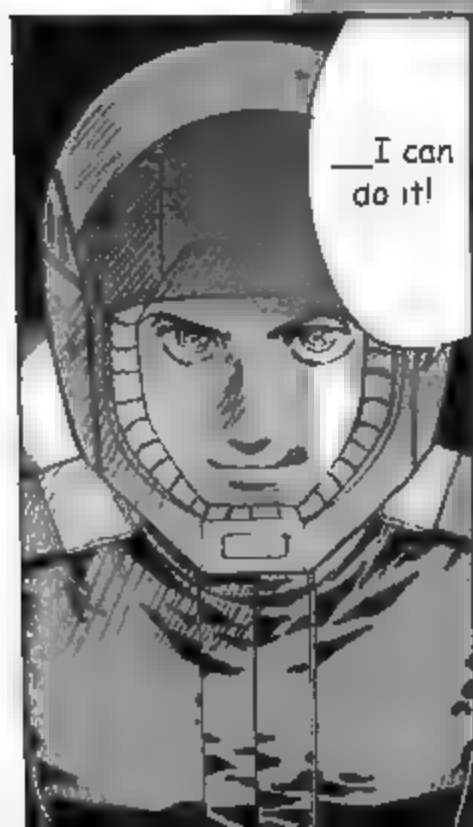

That's good
enough, we
can do it!

Carl

I can
do it!

Episode3

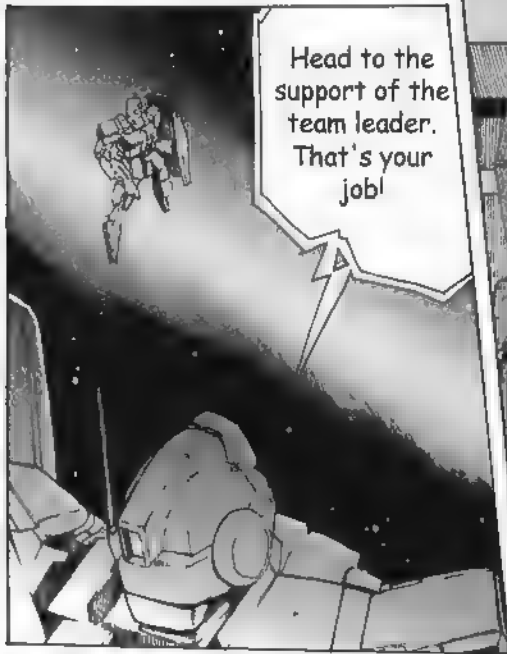

War comrade 2

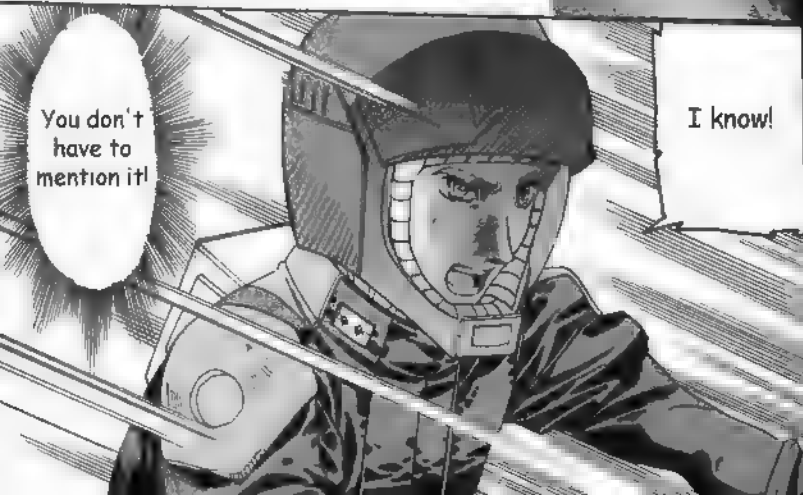

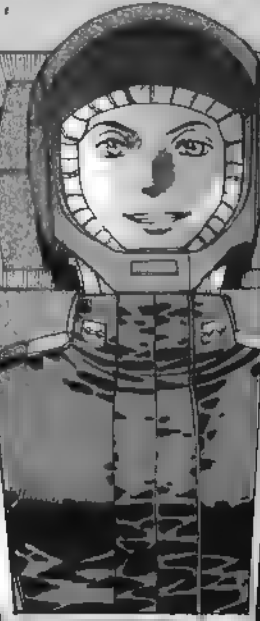

I hope you
didn't miss
with a
intention,
or

Eliard

Head to the
support of the
team leader.
That's your
job!

You don't
have to
mention it!

I know!

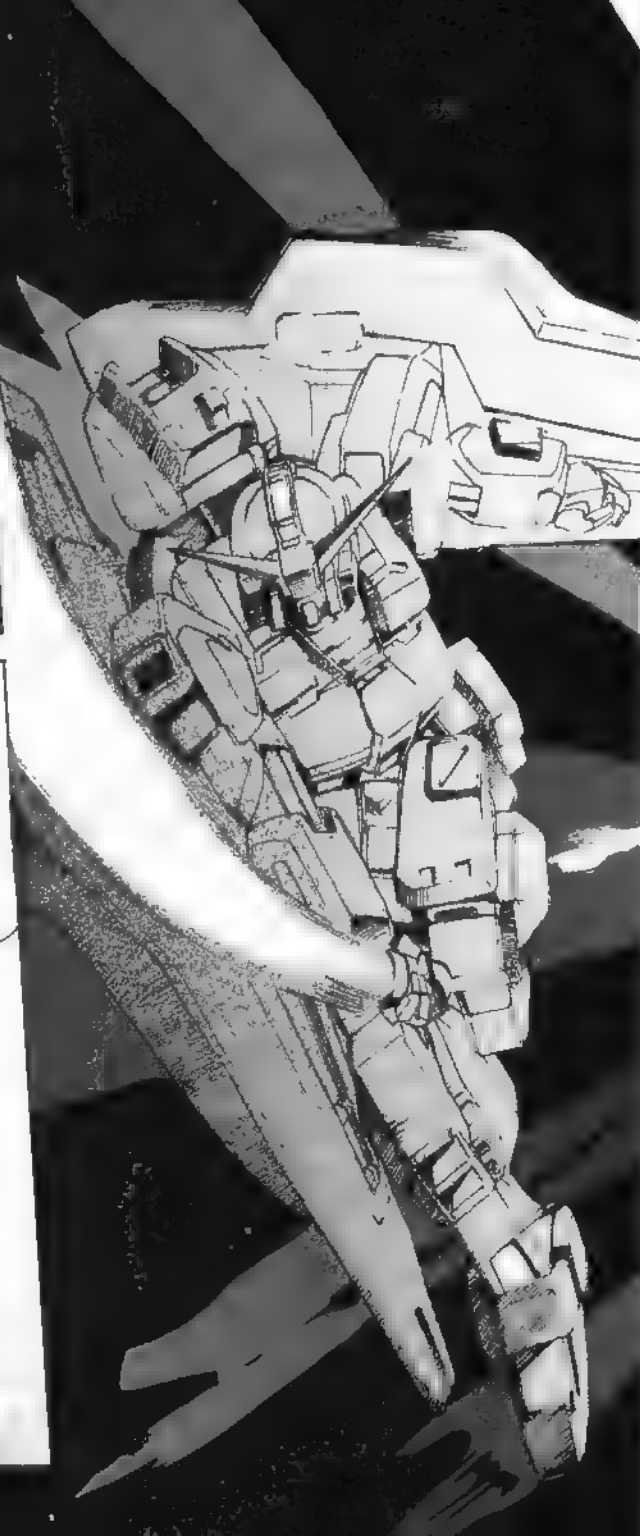

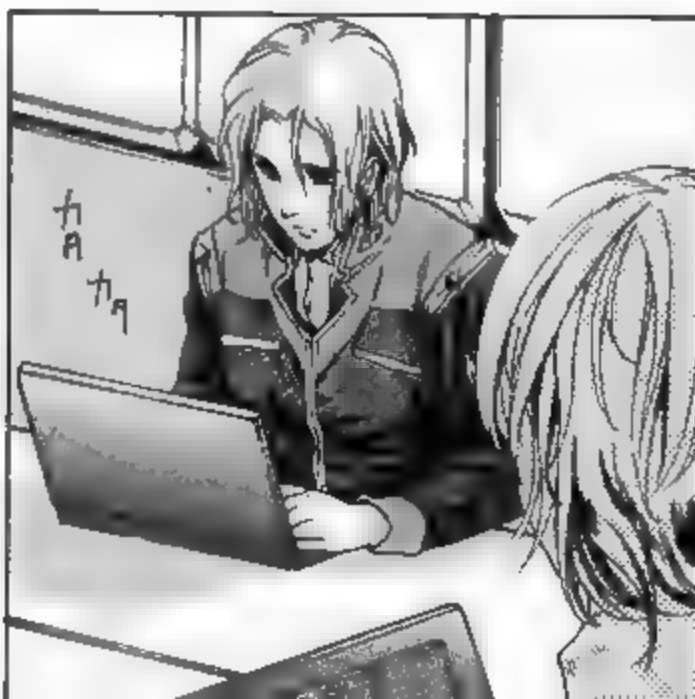

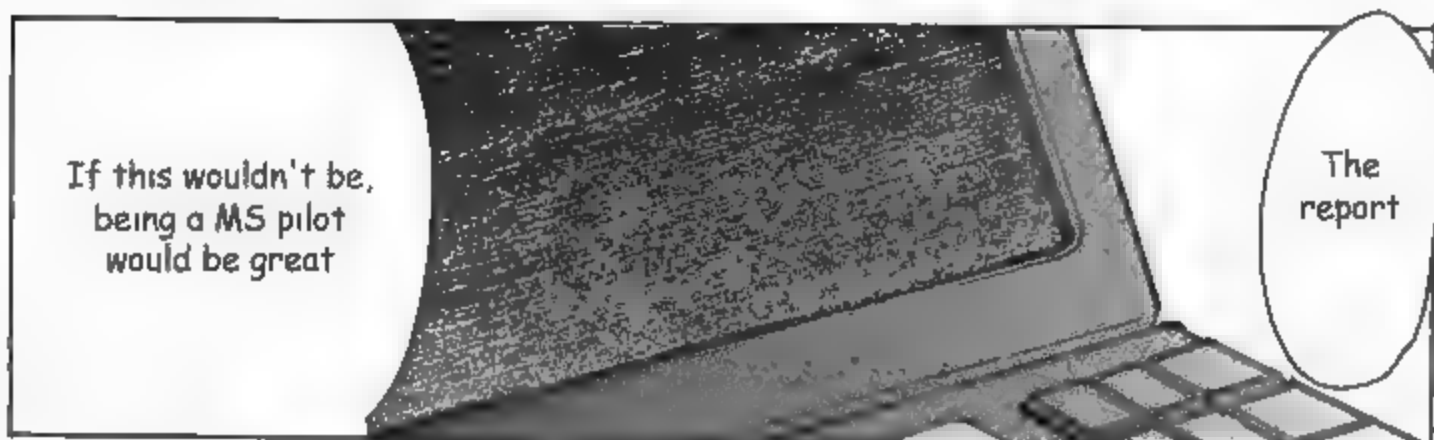

Hey, I
made a hit

With one
shot ..

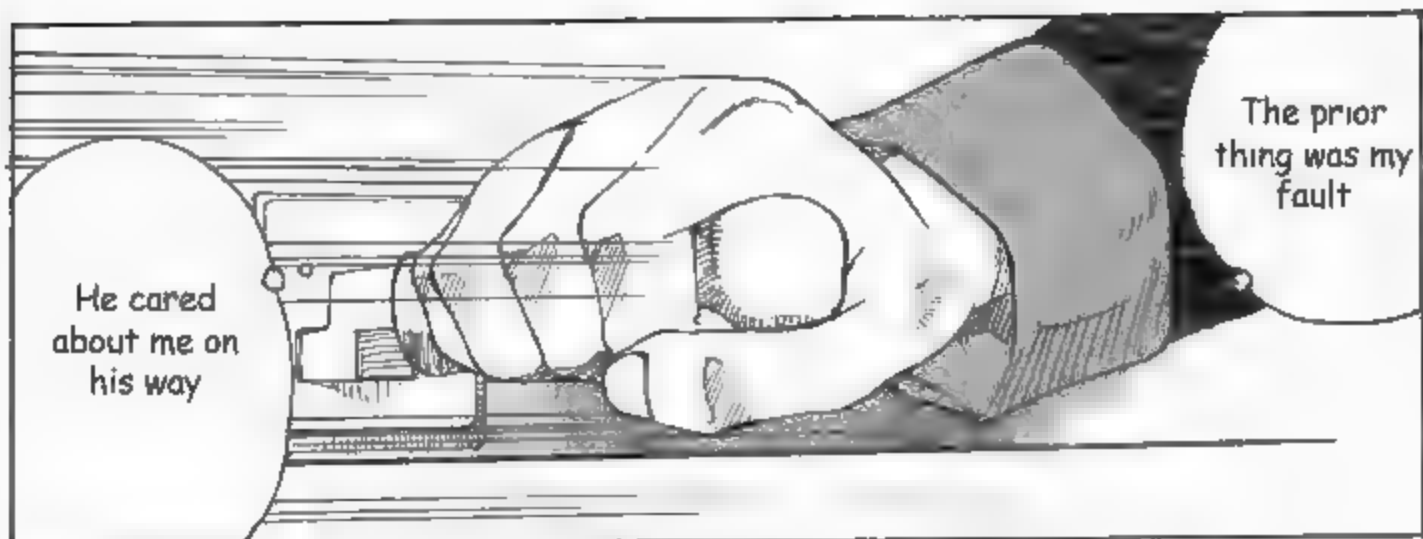

There was
no need to
talk in such
a manner

A
difference
in the
rank

but...

Carl is in
the MS
hangar

It's a
mock up
plane

Don't
destroy it

You know well

I like Guyne-mer

A Spad S VII

It's the plane of an ace!

After all, it took me a lot of effort

Audrey's strategy had success

Oh? Ahm. This.

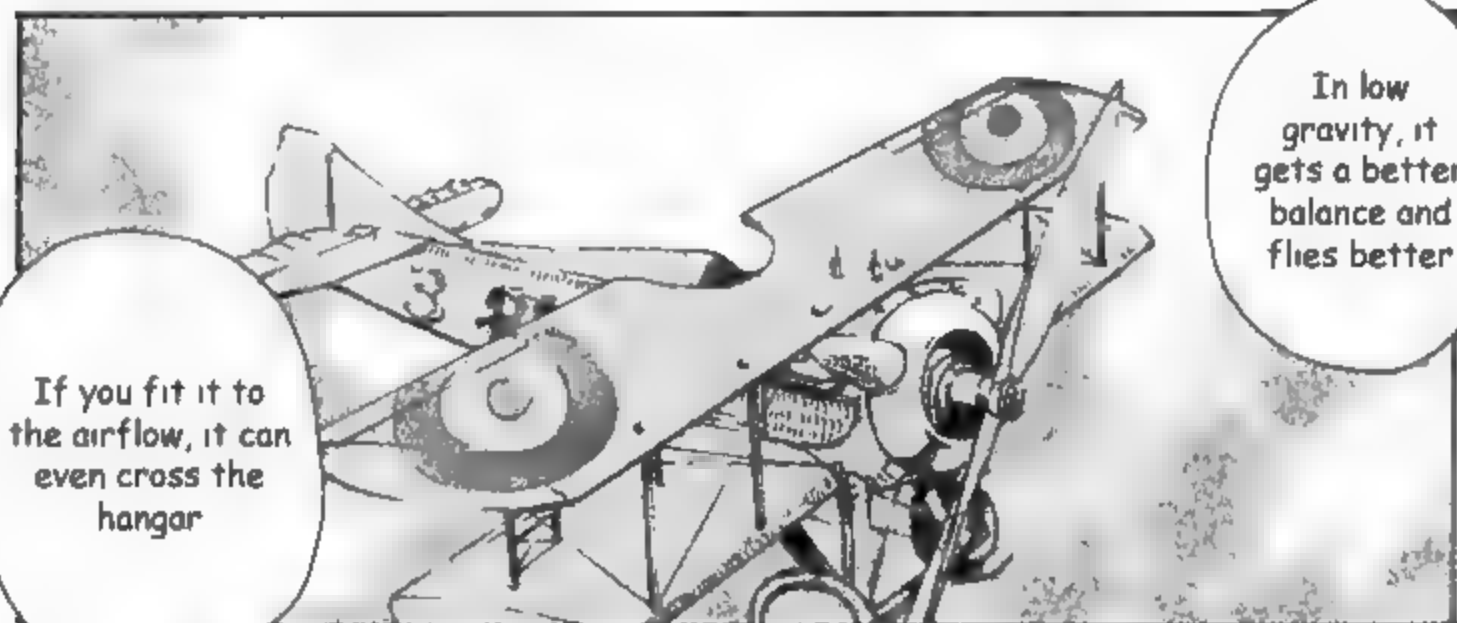

You have some good things with you

Well.. It's OK

Come up

SPAD S VII A major plane used by France in WW I
Guyne-mer bearges Marie-Ludovic Jules
The French shooting king he fought with the
German air force and shot down 54 machines

If you fit it to
the airflow, it can
even cross the
hangar

In low
gravity, it
gets a better
balance and
flies better

Carl

It's one of
my many
specialties

Is it a
hand
made?

If it's a nasty
story, then I
won't hear it

When we
came back
yesterday..

And I have
already
"forgotten"
it

I told
you, not
to hear.

I don't
like such
things

After all,
it was my
fault

For the test
flight of the
Spad or?

Can you
imagine, why
I am at such
a place?

Then what
stories would
be OK?

Well

I looked at
the "Hazel"

Wrong

Gundam...

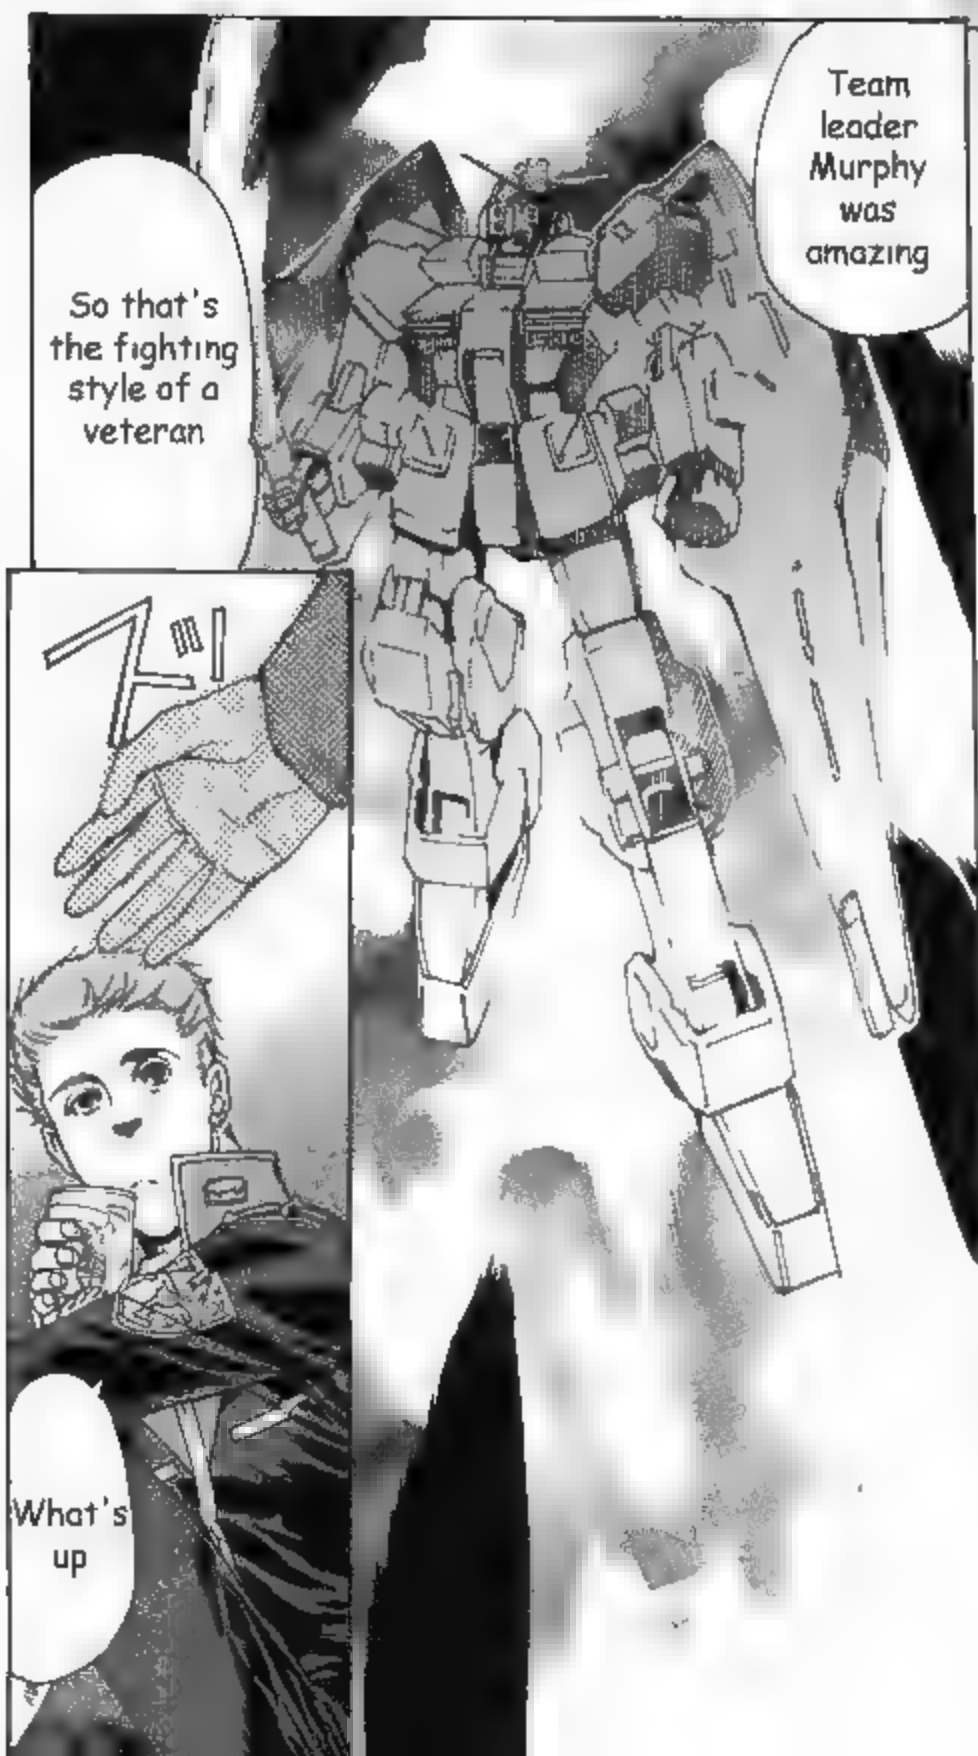

I only knew it
from the
books in
school and
video records

Me too

I hadn't
even
thought of
being able
to fight
together
with one

I was really surprised when I saw it the first time in the hangar

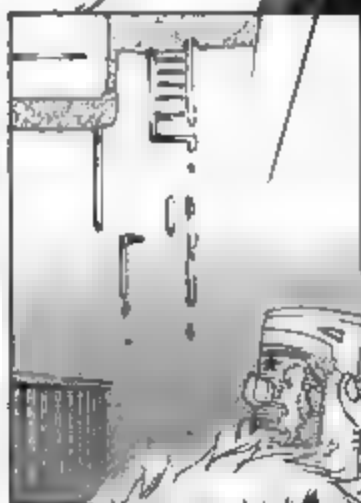

I also want
to thank you
for the help

How can
I shake
hands

I'm not
a kid
that's em-
bar-
rassing

Let's
become
friends
again!

You
don't
have to

after all,
we are a
team!

I wouldn't
mind, if it
is the left
hand

Here

あはは

What are you laughing

You're even acting more like a child!!

To care about such things

The exit isn't that way!

I'm going back!
You can laugh alone

what's that..

I make one round and get

Humans
are such a
stupid life
form

... Is
your
head
alright?

Alright
alright!

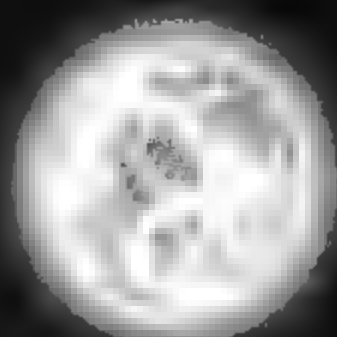

When they
believe to be
in the
biggest
group, they
think that
this is like an
insurance,

but
in this
space, it
is
useless...
Right

We only have
to hope that
there will not
come any
interference

I

The
Aswan

It was
your work
or, Carl!!

You mischief painter!

You've overdone it!

It's not an mischief but a painting!

I do not remember to have asked you to paint it!!

And what words do you use, when a person has put his skills in it!

What it is this time about?

It's just that meaning!

What do you mean!

That's just right for you

This stands out a lot!

Do you know how these two are called within the ship?

Don't say such a hopeful thing!

Compared to before, they have grown up a lot

We are getting quite a lot of attention (since that fight)

If you saw it, then please stop it!

Well, after all it's the truth...

I feel so embarrassed!!
(As their leading officer)

They are calling them The black rabbit's uproar team !?

Maybe this time is the most joyfull period or?

Those who have a good basic will grow up in no time

Audrey, don't mind on it so much

here if you
aren't such a guy

But that's
the truth

Those

It's much better than getting the iron punch of the team leader

How many times was it
it that we got scold by Audrey

It is obvious that getting bitten by a beauty is better then by a old man

You can say that

audrey

What are you talking about?

and her guard is too strong (though she is cute)
She's a bit too strong

A
killing
mark!

We
have to
paint it
or!

Wow, in
this
maybe .

What
are you
doing?

Don't
mess
around

I will
also
paint
one for
you

Is it to
impress
others or
on other
intention?

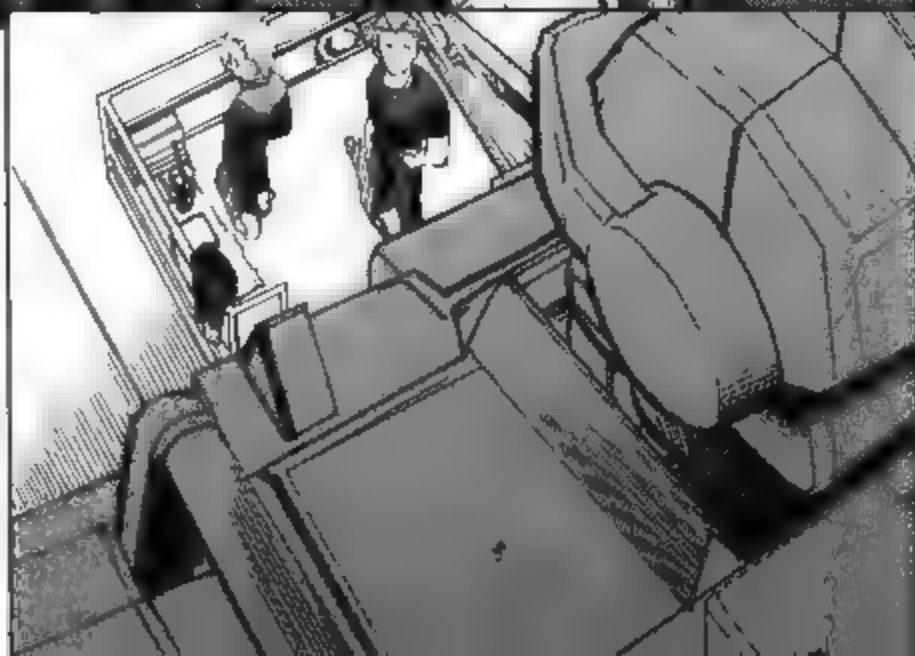

I will get it
at the next

So shoot down
one before I
forget it

low expectations
on you!

All personal, combat status on!!

Audrey, status report

Audrey

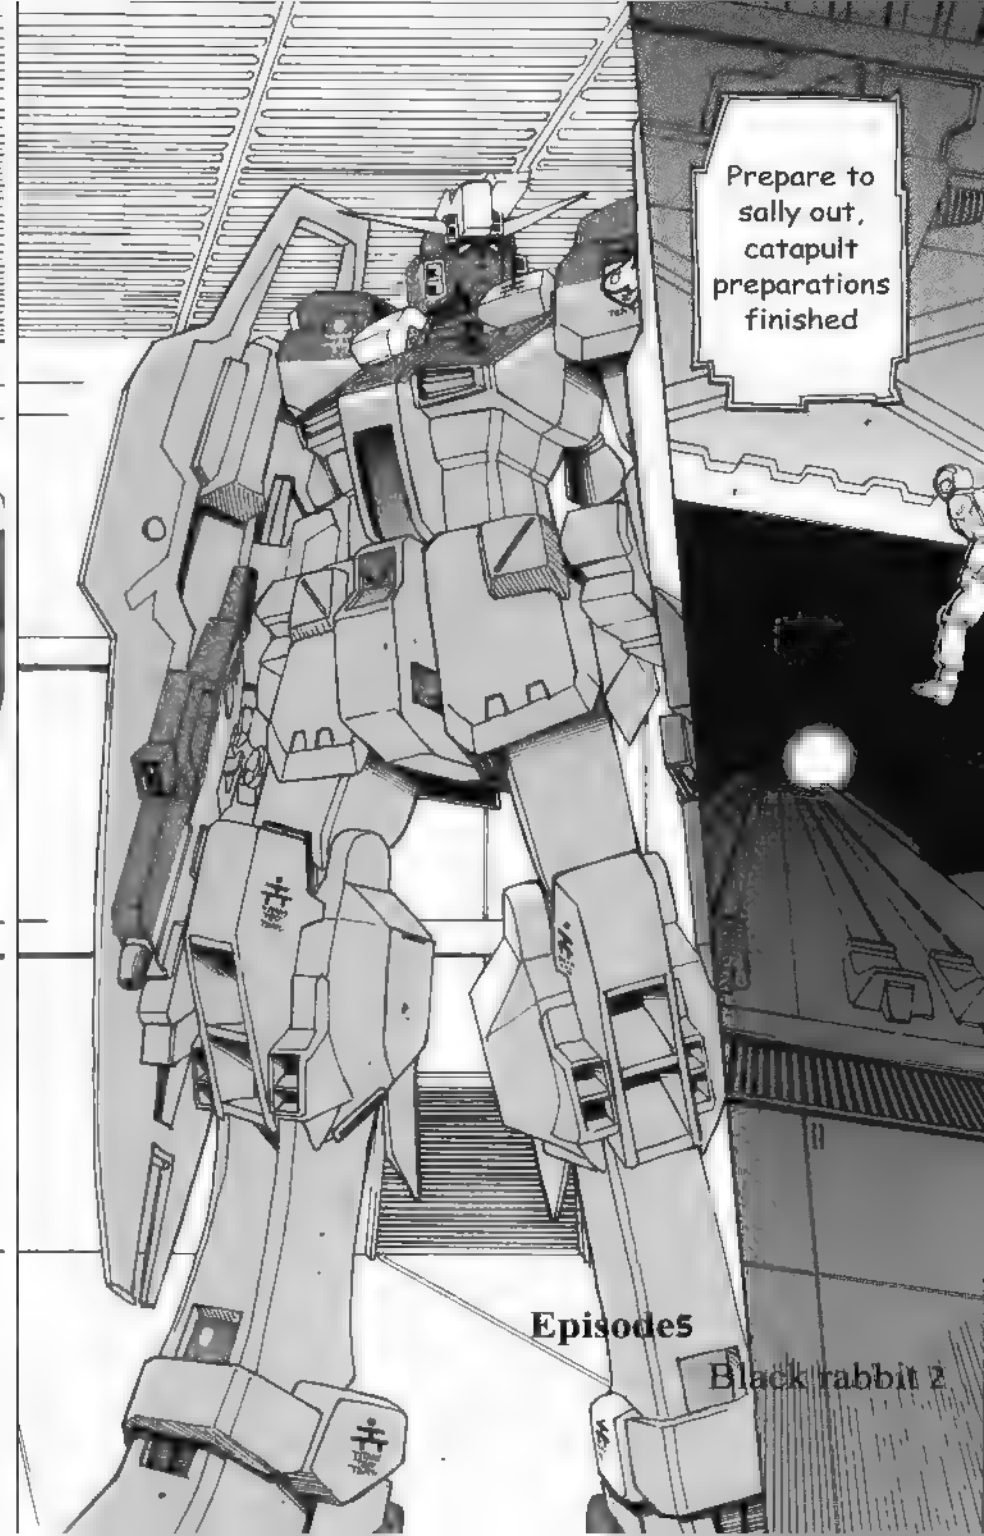

Each machine of the Black rabbit team will launch

there's a

What?

It's my

brought

Omen

What, it's
already over!

Lt Murphy, the
copy of Hazel's
OS will take a
bit longer

Hendrik

Hey big
guy!
Don't you
have some
business at
your No 3?

Is
there a
trouble?

Oh you're
right!

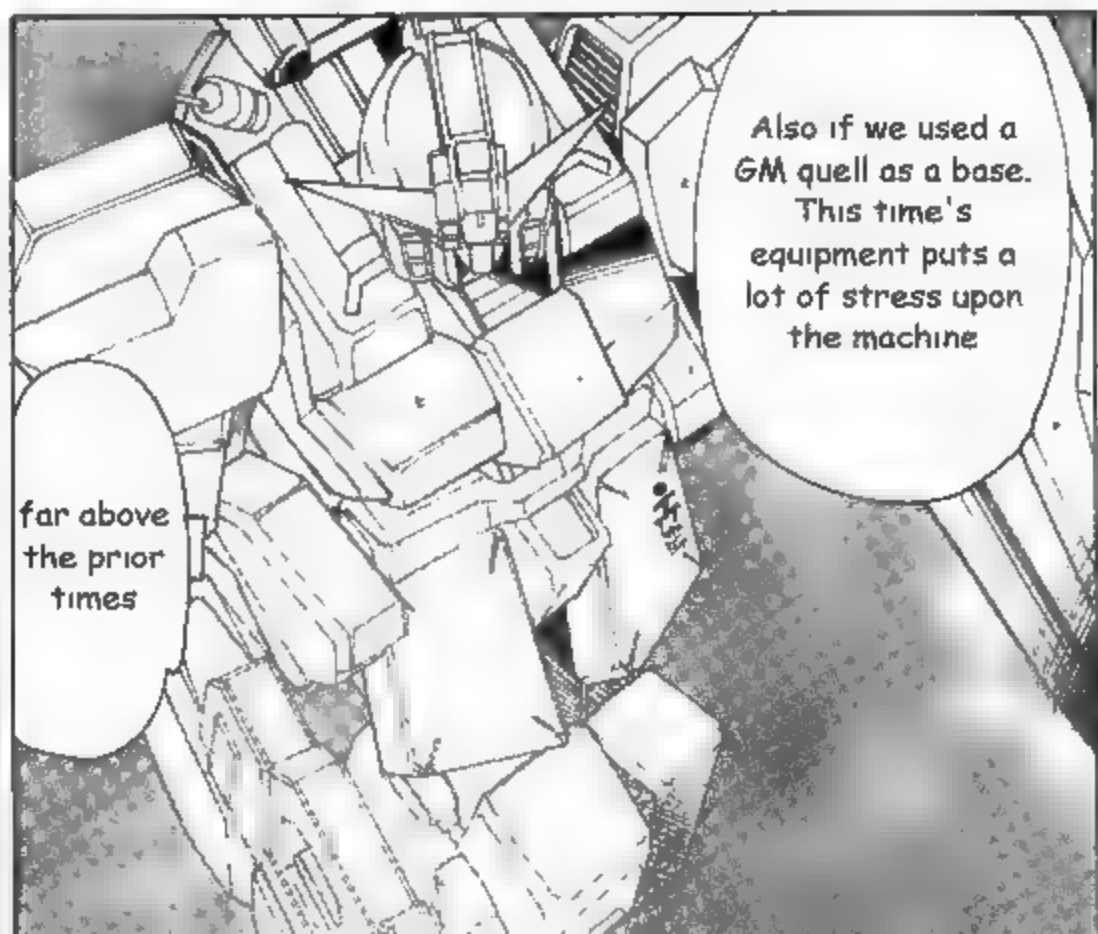

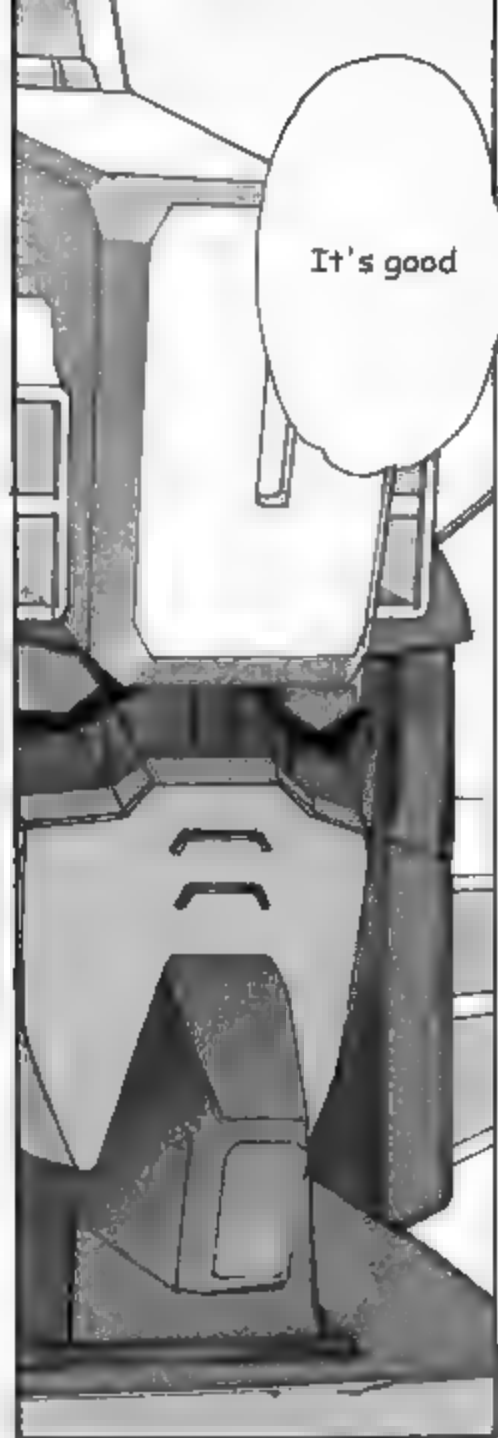

After all, we
had a lot of
hard work

I'm
going

There was
a fault with
the right
shoulder of
the sniper
It would be
bad if we
encounter
some
enemy's

It's obvious
that average
guys don't like
to ride it

I have to
consider
many things
to handle it

Please do the
mobility
check!

besides
that...

Therefore
the T3 exists

That's
right too

The recent
movements
of the
remnant
forces is
strange

Good boys
won't get
pilots

To say the truth, collecting data from the FA Hazel is the main

An exercise within a colony?

Right!

This time, we will make an exercise to collect real data of an MS under colony situation

The details of the schedule for the in-colony exercise have been set

Since he was recently a bit depressed

I will also tell it to Carl!

What!

You only want to take a look at the Hazell

You say such things but in truth

What sense
would it make
to lie here

Is that
truth!?

the new
federation
model

What?

seems to
be a Zaku

I think
you will
surprise

To be correct,
it is a new
federation MS
based on the Zaku

Eliard, it's
the worst
possible!!

Carl! It's a
big news

A A
Is it
truth
Pete?
Zaku!?

Telling
that to me
won't help

Don't they
have a pride
of the
federation

Why are
they making
a famous
Zeon
machine!

Though
there
where some
rumors
before

It can't be
wrong since
the engineers,
who came
with the
Hazel's
additional
armor said it

I handled
a training
machine

Some times
at the
officers
academy..

It's
because
the Zaku
II is well
made
you also
piloted
it or?

You see

It can't
be helped

ORI?

It's
policy!
Can you
rely your
life on a
Zeon MS
and fight!

It's not
about
logic!

A machine which
you can use for
many purposes is
in many ways
attractive

The Zaku has a lot of real combat data and has a high reliability as a standard MS

upon that, it is said that the people of the former Zeonic company are involved in the new model's development

Within the federation, there seems to have what I already got the approval say

If possible I don't want to ride it

I don't want to say it loud, but we are also hesitating to absorb the Zeon technology, which is several steps more advanced

Why do we have to ride Zaku's, when we came to the Titans

I also don't like it

Well also if there comes one, it will only be one

What!?

After all we are a test team or

It seems that they're building several pre-mass production types so we, the T3 will probably also get them

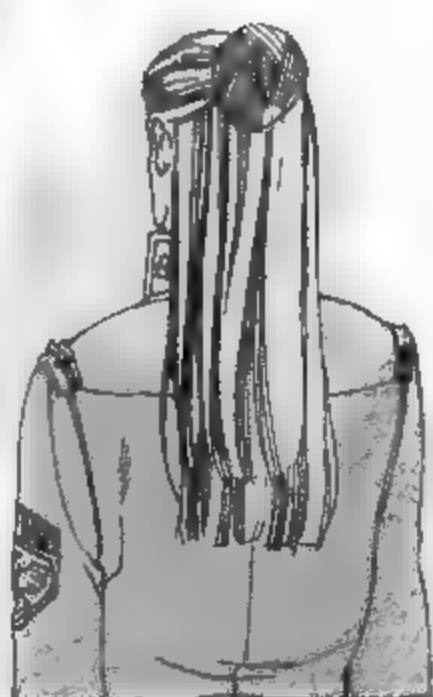

Can you
maron in
front of
the enemy
if it's
a Zeon
made or
federation
made?

There is no reason
to waste your live for
just an idiotic pride
of an clean product

if it's
the technology
of a former
enemy country,
when it is
used to
develop good
machines,
that's
the best

The survival
rate of the
pilots will
also increase

Ugh

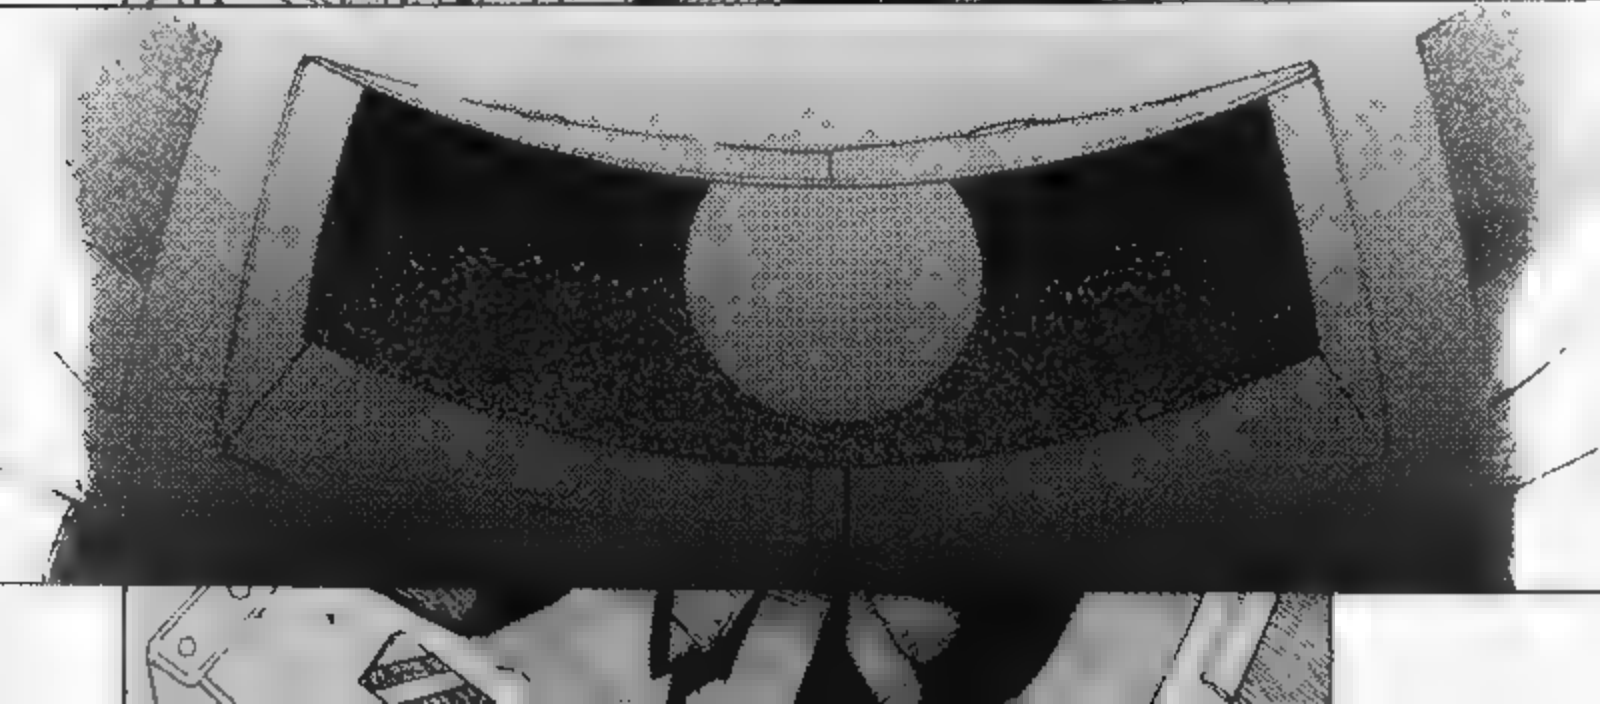

You're too
stubborn for
being so young

...
beside
that

Let the upper
people handle
the political
patriotism

The new
titan ship
Aswan

That sh p
should
soon enter
the port

Just like the
intelligence
report said

It's been two
years- -- We

Cannot let this
chance pass a
second time

Episode 7

In the Cocoon I

or the
sake of

our eternal
fatherland

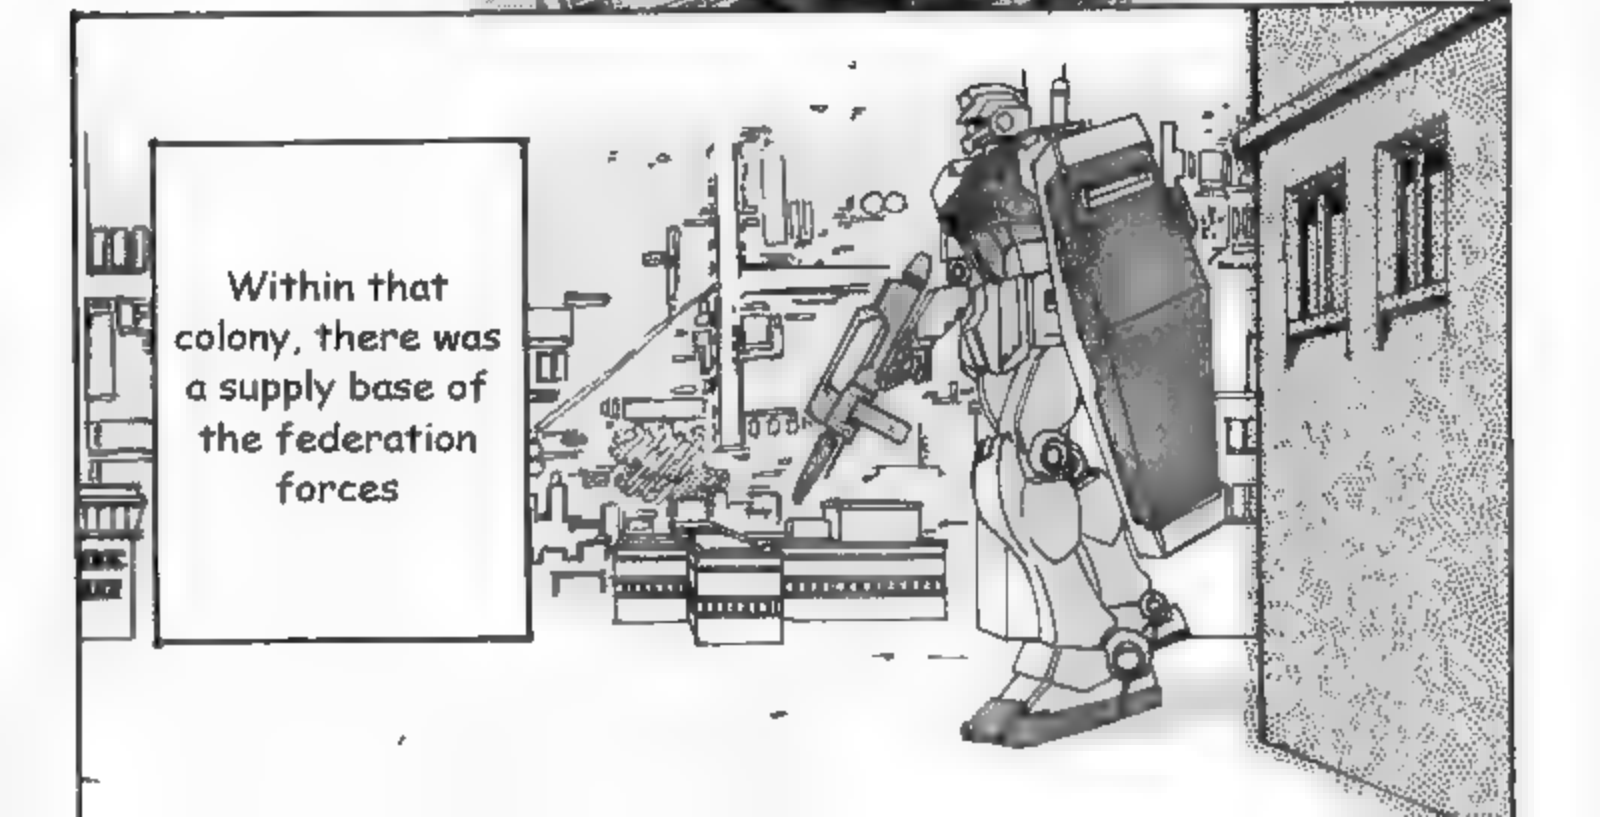

Welcome!!
Cruiser Aswan

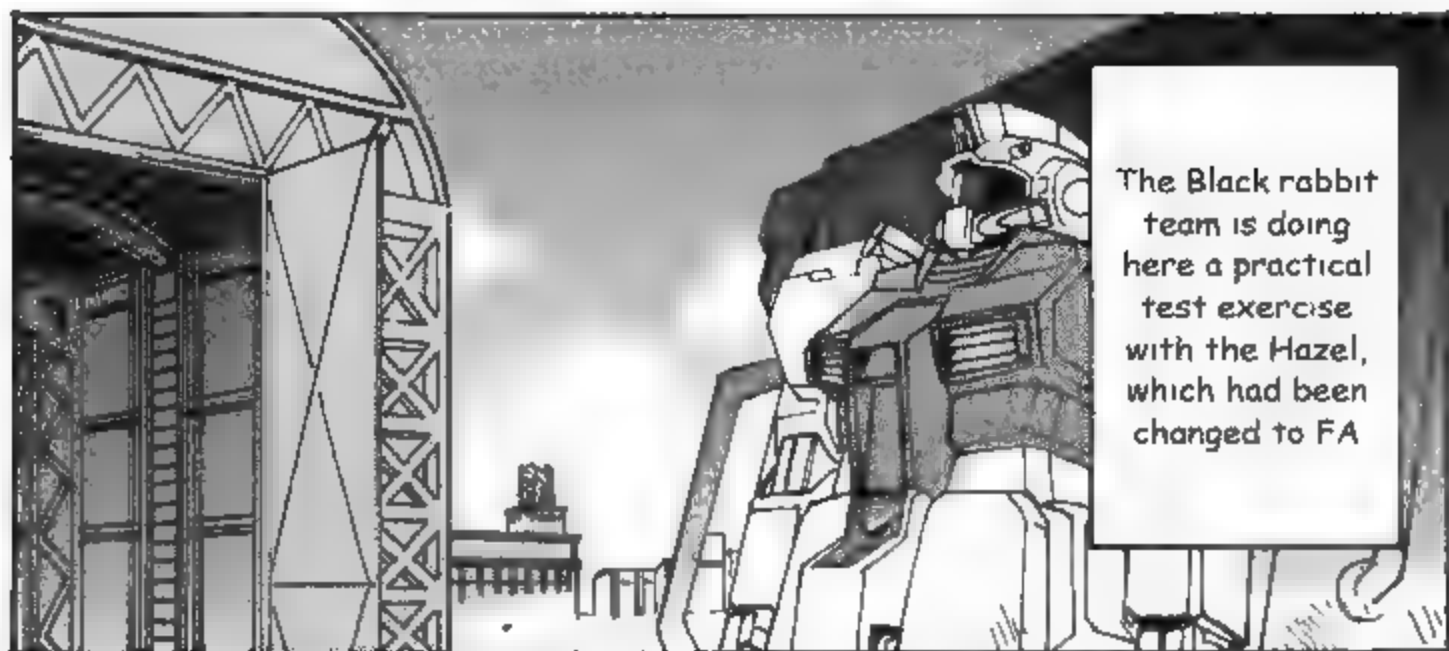

We have
confirmed your
ship's identity.
You are granted
permission
to enter

Side 1
Banch 25

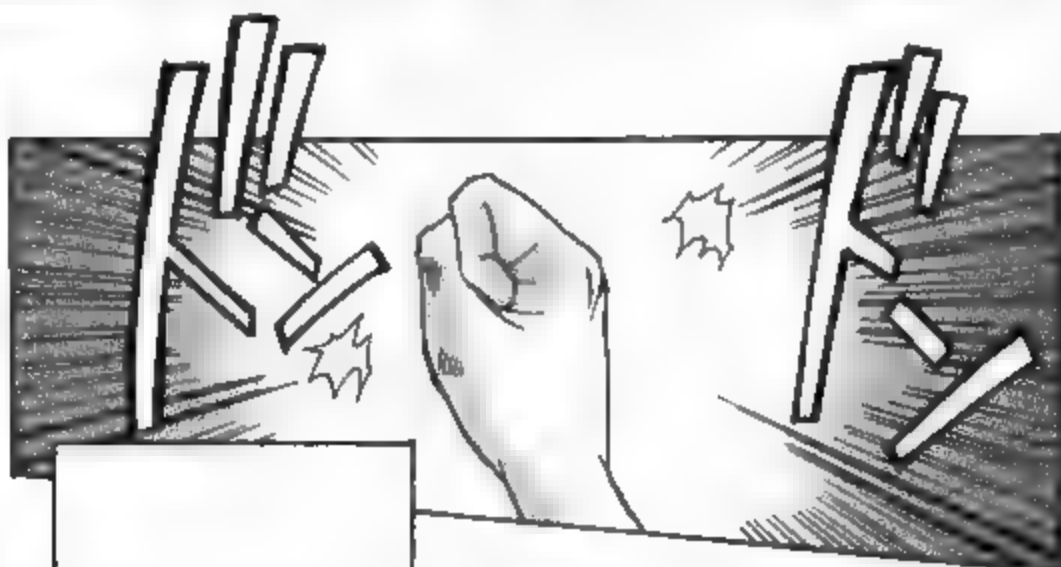

Within that
colony, there was
a supply base of
the federation
forces

The Black rabbit team is doing here a practical test exercise with the Hazel, which had been changed to FA

Dam

And the Aswan crew which is not involved

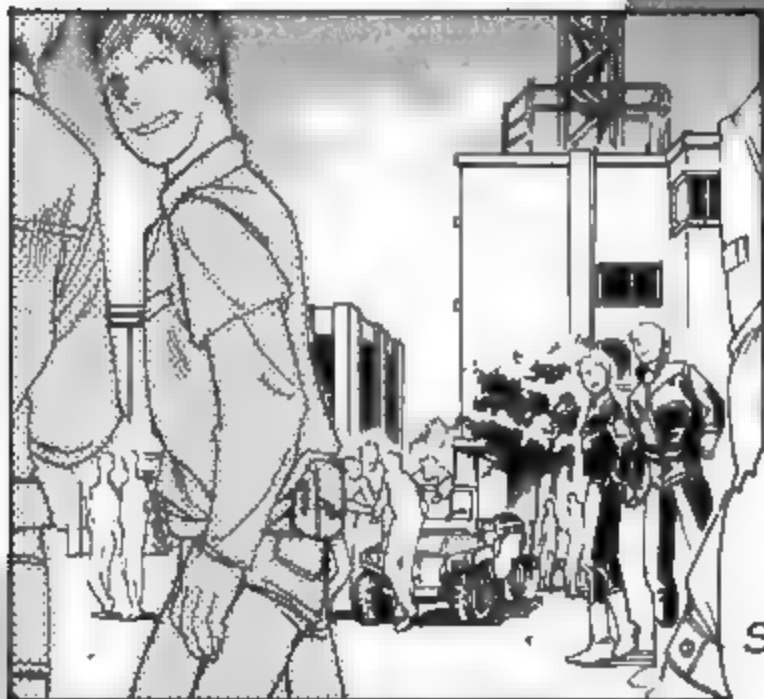

Hurry up!
The guys from
the Cappy team
are waiting!

Don't smash
on it! What if
it brakes!

3/24

Were given a
short time of
vacation

Sorry!

That gives
a penalty!

That's since
we were kept
in the ship
for so long

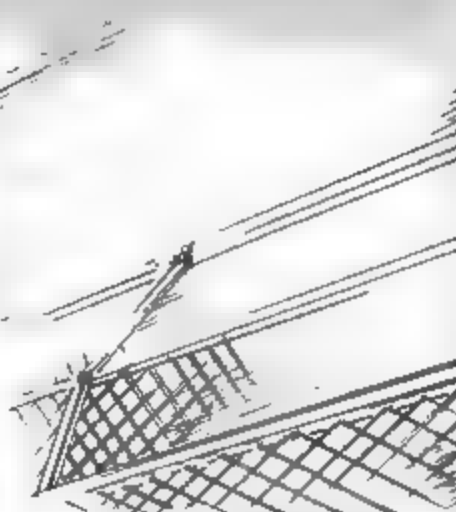

It's a long
time since
we had 1 G

And this
fresh air
too

Though
we are in
a colony

the sky
looks to be
so high

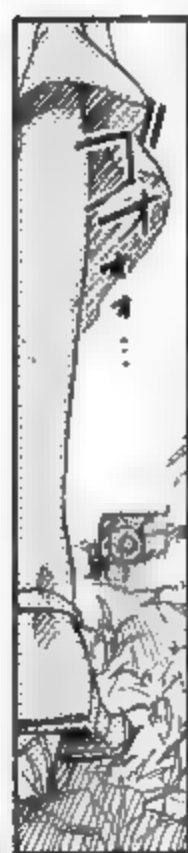

and cute
girls, then it
would be
super ori?

If there
would be
alcohol to
drink

The daily work seems to be stressing..

Sometimes, I want to get free

You didn't go with those two?

Today I don't follow you to the mechanical parts stores

Oh

I will forget anything and relax!

It's only a fun for you, JG Lt..

What__?
Don't say that, it's fun

That's a pity
The Gelgoog is a famous machine from the end of the great war

Therefore I wondered how to call it when I saw it

Though it was a Zaku, it had the legs of a Gelgoog!

And!

That was so surprising!

So the Principality of Zeon for which they stood, is no longer existing

Since the treaty, Side 3 got a Republic

For the gone fatherland, if it would be a knight's tale, it would be so cool

Though they use spare parts of a old Zaku
Do they want to continue the war so much

We can't imagine, what those are thinking

The guy
you have
beaten
when you
joined,
was the
pilot of
Frezian
team's
No. 3
machine

Why
that?

Besides that,
in tomorrow's
exercise, you
will fight with
the guys of
the Frezian
team, or?

So it will
be a
revenge
battle

Officially
he's a
senior

and he
seems to
have a
good skill

Aa
was + so

Is then
everyone an
ace, when he
rides it for
long time?

That's
ridiculous

The
difference
of 3 year's
experience
is quite big

That's
foolish!

Right, JG
Lt. Carl
Matsuraba?

Though
that, I am
confident
to shoot
you down
for sure

Don't
bother
about
him!

Since I only
remember
the face
after you
got beaten

There
comes
Sorry, the one,
that I we are
haven's talking
noticed about
you

I have no
business with
a guy..

You're
JG Lt.
Eliard
Hunter

Stop it
Carl

Who can't do a
thing by their own

Stay back,
kid

Get out of
my way!

Carl!!

Eliard,
you...

Stop!

Tomorrow,
we will
clearly see,
who is the
better one.
If you can't
wait till
then

!

Do you want to
put again
shame on the
team leader!?

Of both
of you

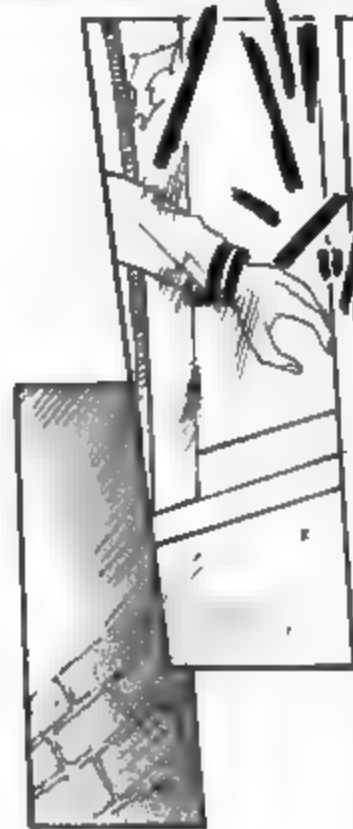

I will
take it

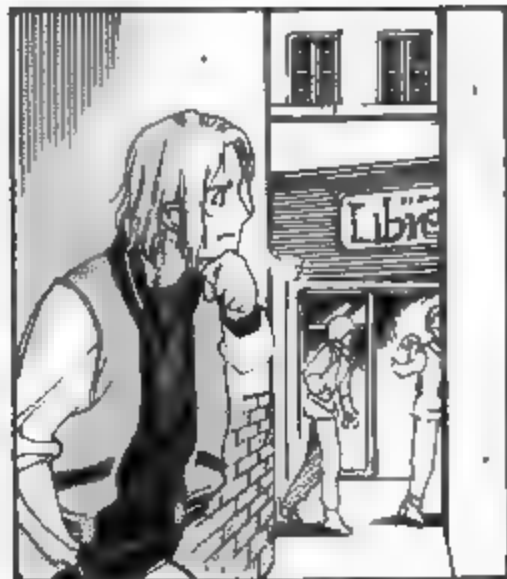

What's this
uproar?

superior in
everything

Why am I

myself

He has

personality

And I can't

All of them

I thought,
we would
meet again

Episode 10

In the Cocoon IV

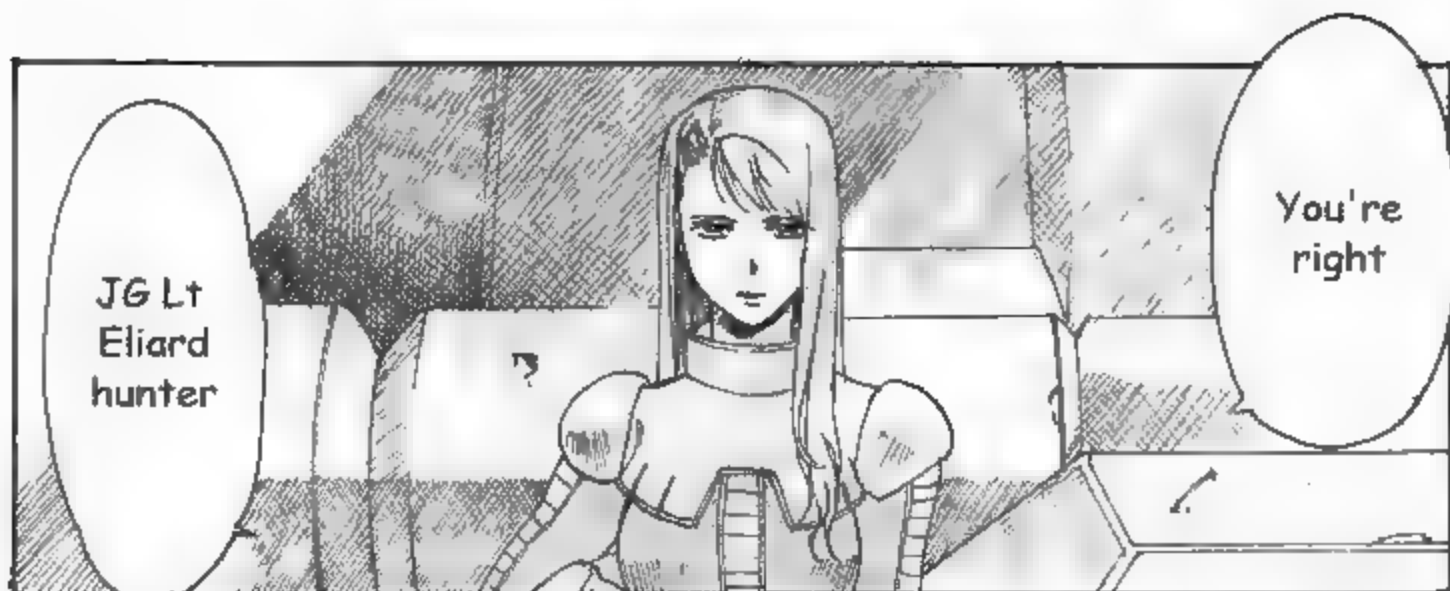

..Did you
know it ?
Ms. Hilda

From the
beginning

And...

You knew
that I am
a Titan

Why this reckless plan?

That's
our
fight

Then why
can you
do such a
thing!

Even the
civilians
could
have got
involved!

What will
you do by
knowing it

It's just
my interest

Nothing

I have let
investigate
you and
your team

It's too
reckless

A plan
without any
gain has no
worth

You're really
an ideal
commander

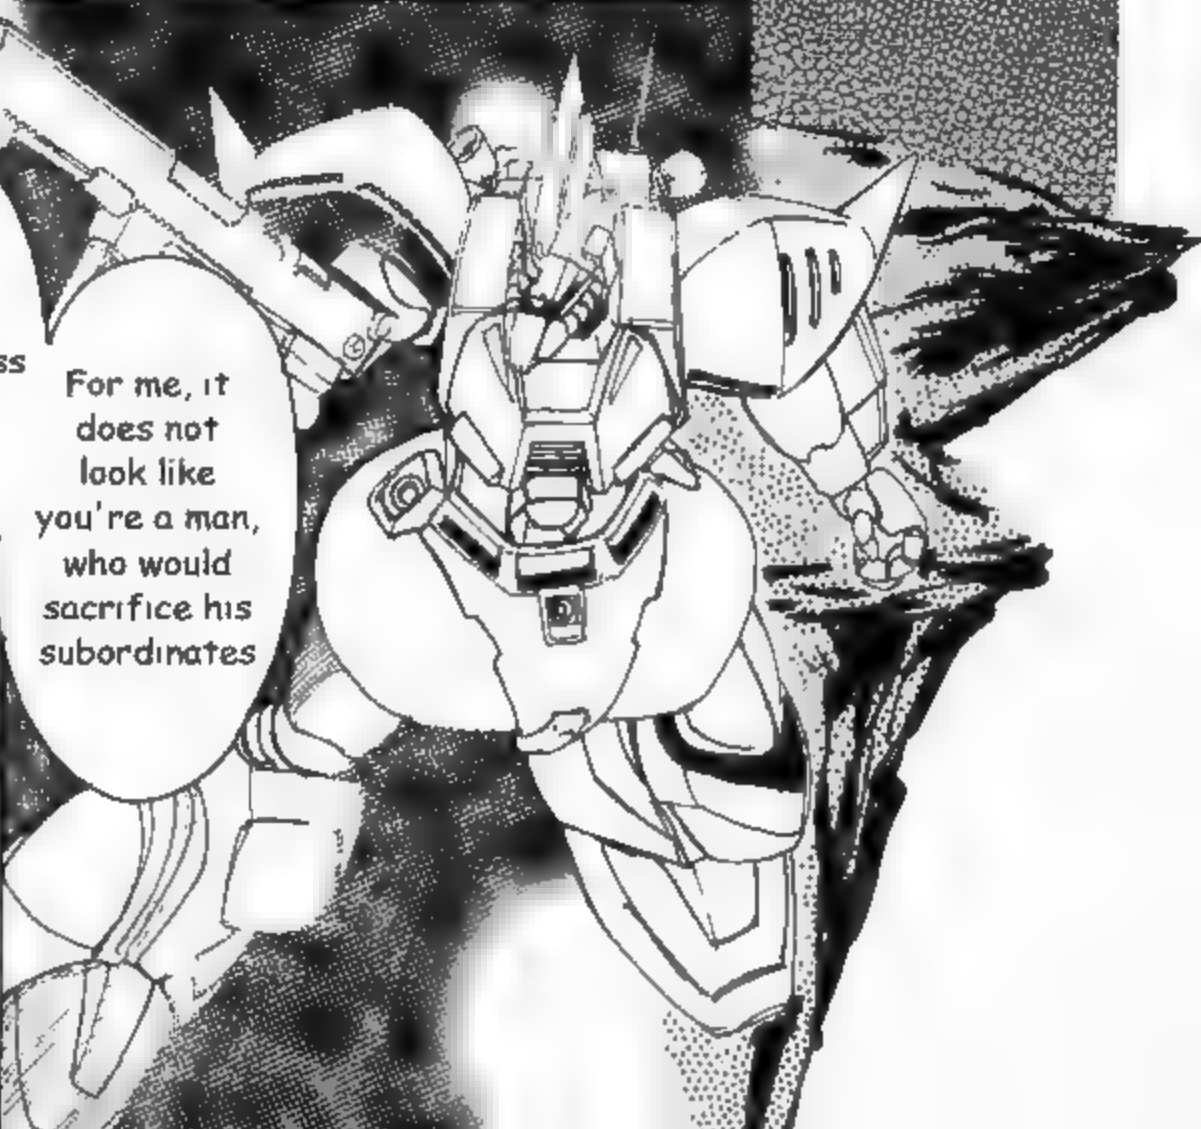

Not a
single
one
died

And in
that time,
there was
no change
in personal

You survived
the last part of
the One year war
with leading amateur
like student soldiers,
went through the
mess of war and
even took part in
the Delaz uprising

for a mission
without success
in sight

For me, it
does not
look like
you're a man,
who would
sacrifice his
subordinates

gone It ended
without the
hoped resistance

How hard the
decision is
It starts to
rumble from
the moment,
where the
pillar called
fatherland
is gone

The passing
time, is
calming it

How high
the
ideals are

I am
not

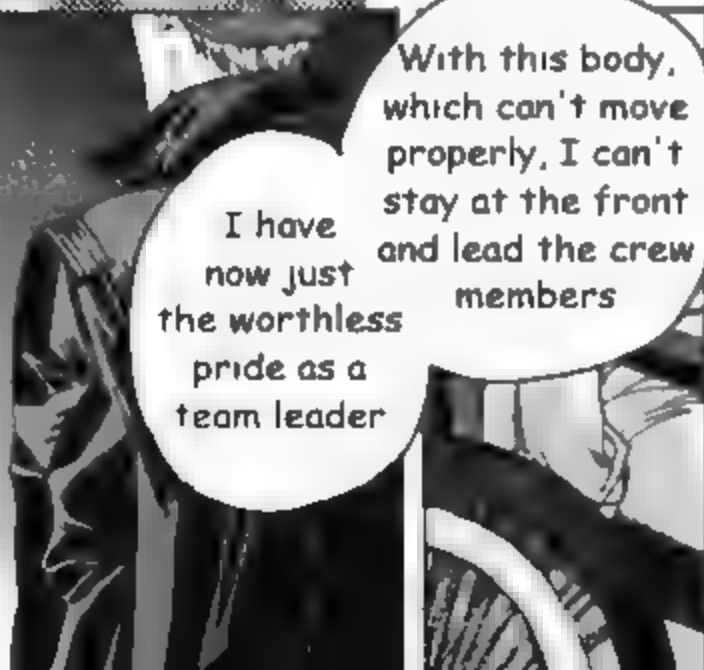

such a
splendid
man

At last, I
wanted to
fulfill
their wish

I have
now just
the worthless
pride as a
team leader

With this body,
which can't move
properly, I can't
stay at the front
and lead the crew
members

You're
really

an ideal
com-
mander

The
Hope

And
just

give
them the
battlefield

But the
time has
changed

Those who
merely
destroy
the order,
are just
terrorists

I once knew
people and
countries
who fought on
battlefields
with a fake
patriotism

in the
believe
of being

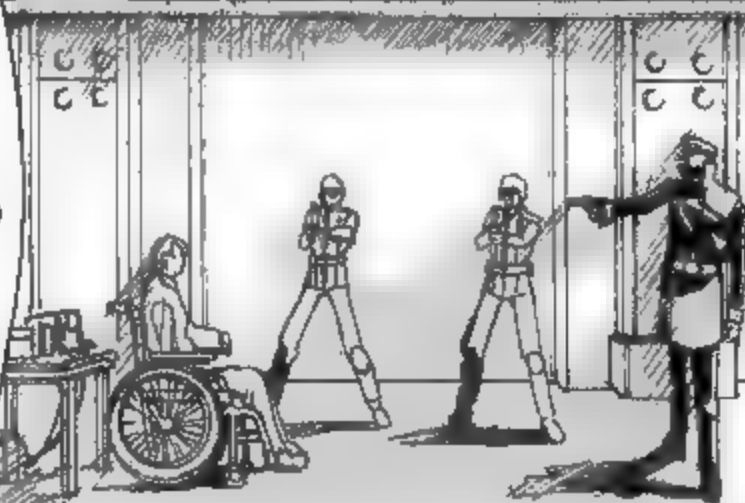

an
elected
folk

I want to
ask you
one thing

Even
knowing
the place
where to
go__

the Titans
intending to
head for?

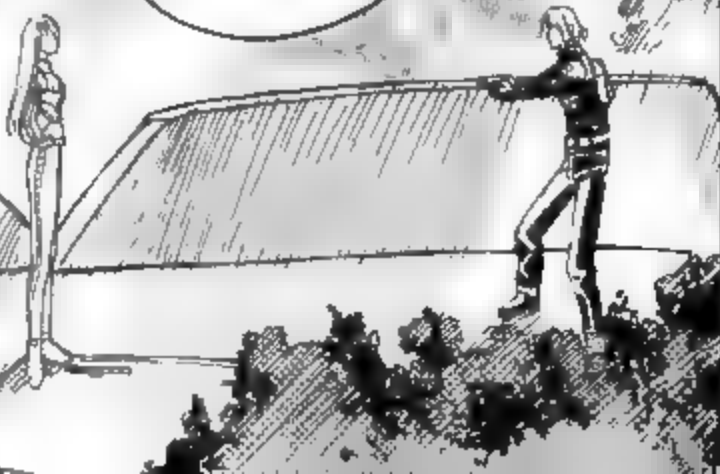

Where
are

To rely on the
past glory.
What will that
result to

To prolong the
ended war and
involve the
people in a
guerrilla war?

Such a
coward
terror?

A battle. ?

was you,
Eliard

The one
who
remem-
bered me
of that

I had no
reason to
fight and
therefore,
I sought

The
fatherland,
which
I knew, is
already gone

They betrayed
the soldiers
who fought in
the believe of
the state and
nowadays sold
the ideals

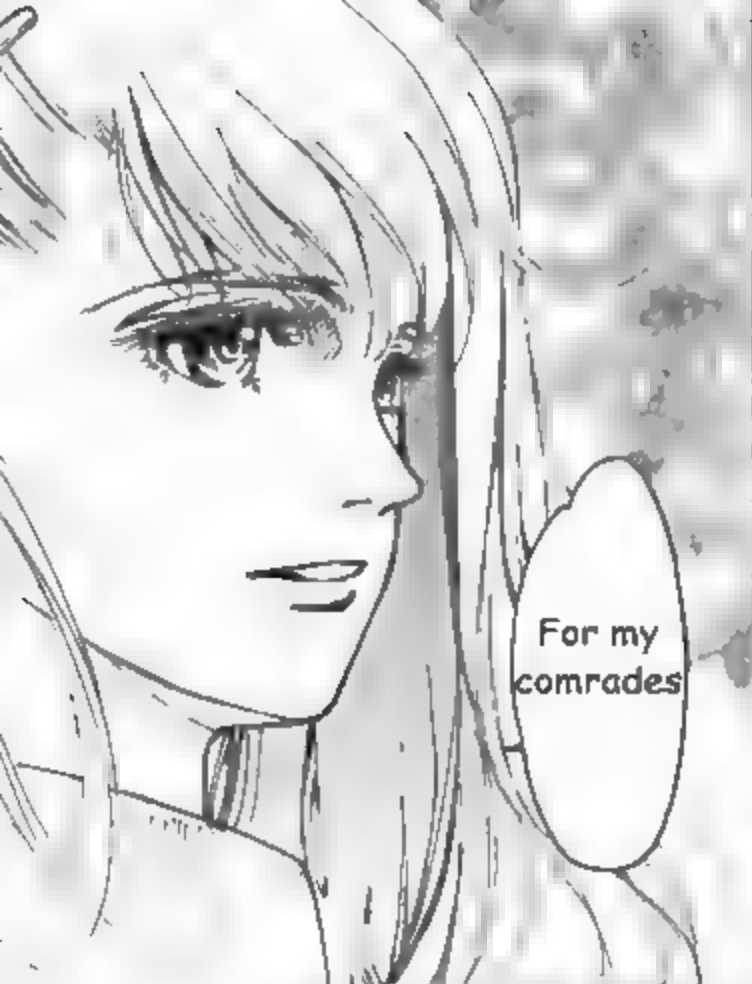

The
thing...
you had
lost..

Therefore
I can fight

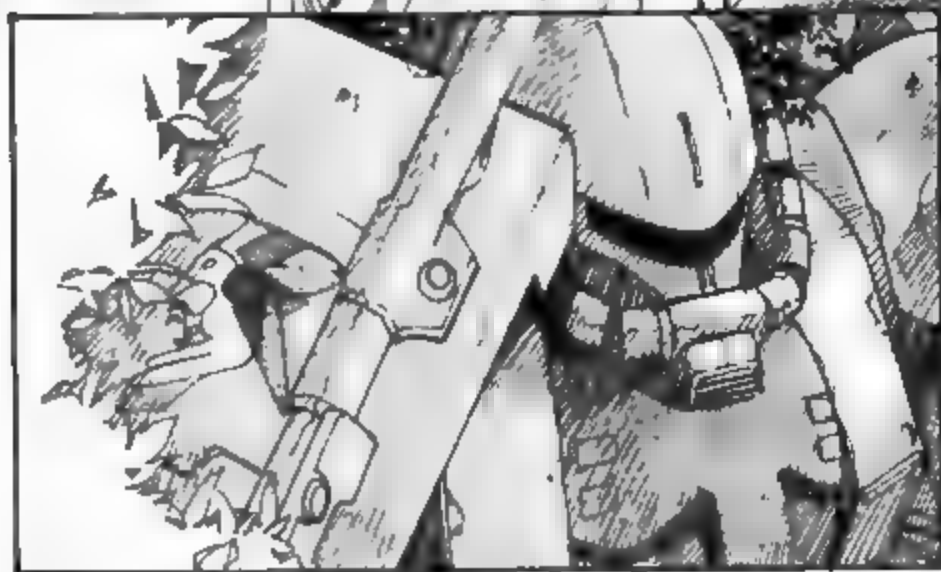

I have also
a pride

For my
comrades

Just
like you

I was
searching
for

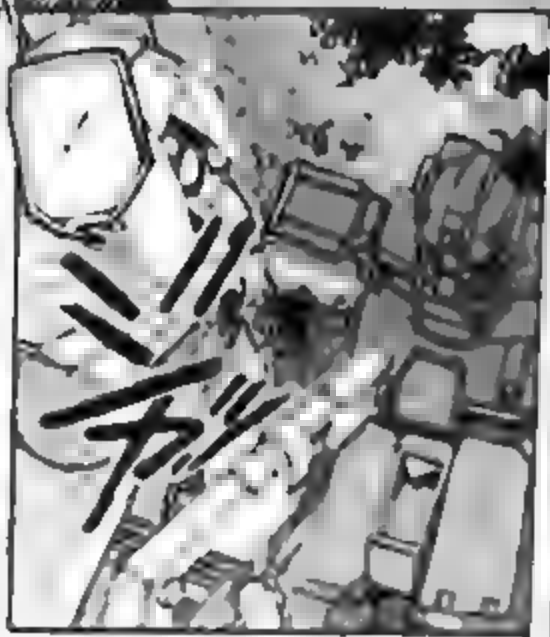

I have
found the
thing

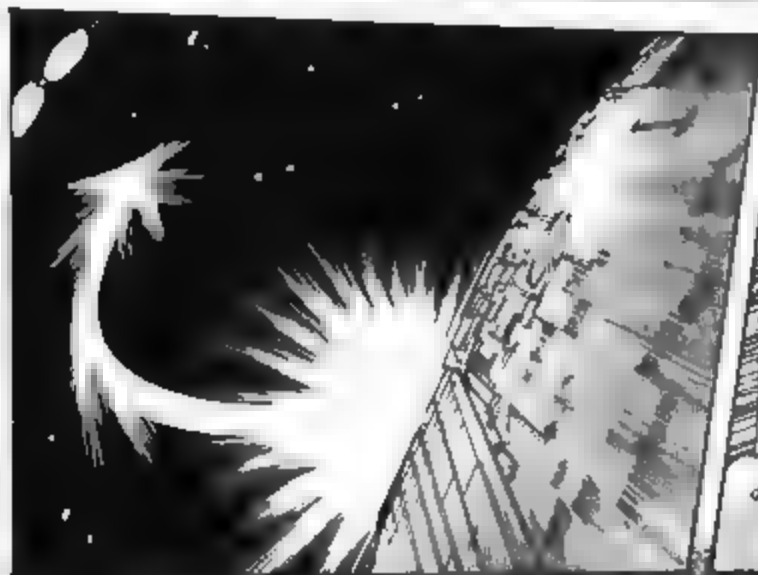

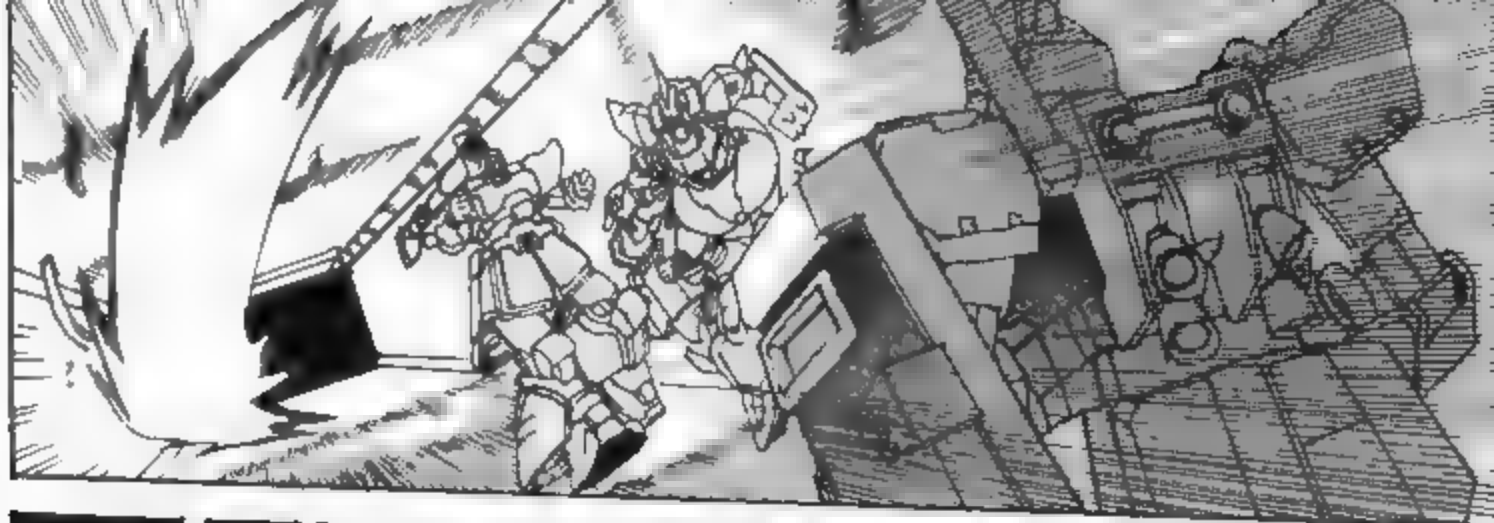

Thank you

Stop
it!

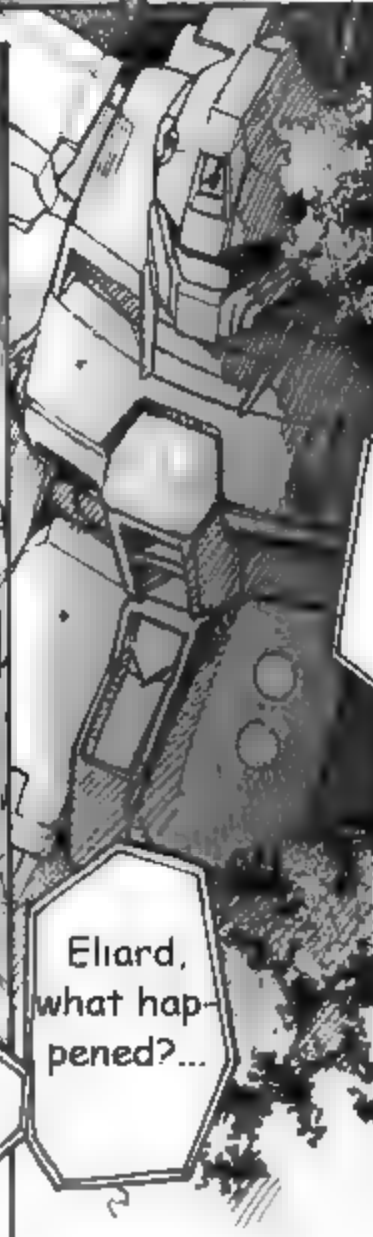

To
forgive
that...

That s
not a
reason

Eliard,
what hap-
pened?...

Eliard!

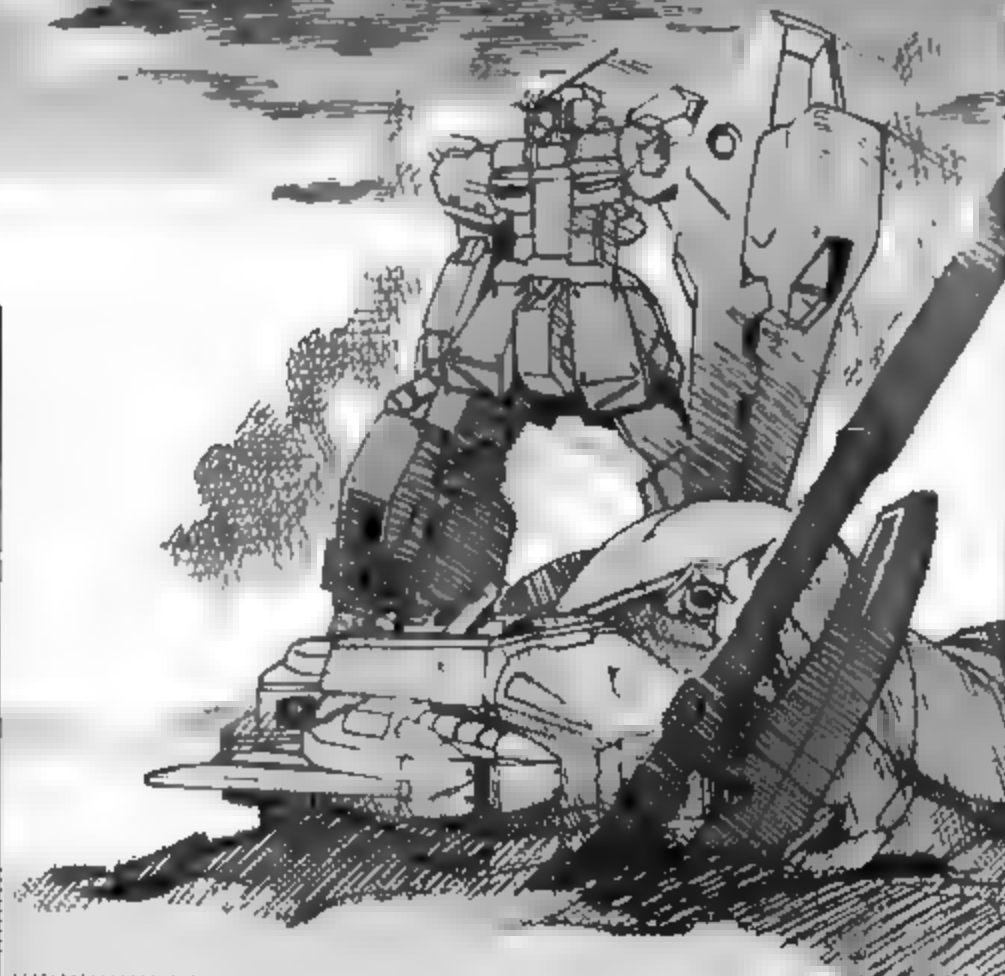

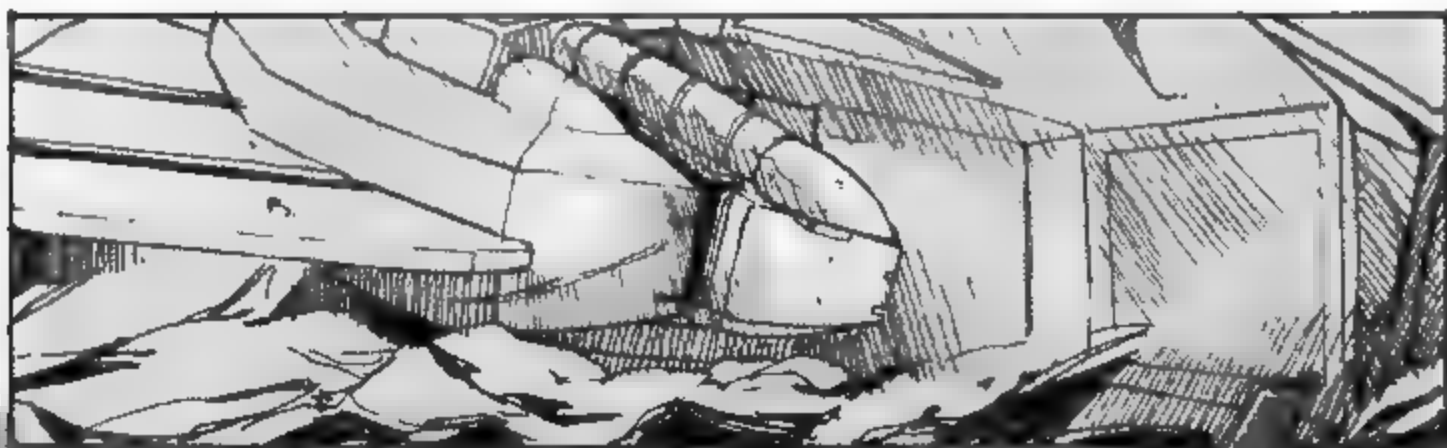

Not
even
then

I
showed
tears...

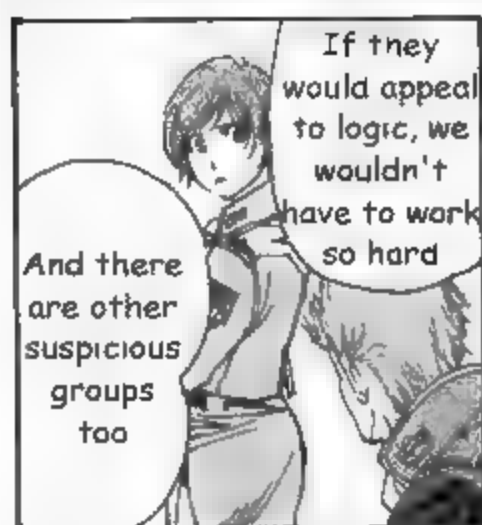

I didn't
want to
show such
a face

At the end, the exercise was canceled
Well it's obvious since there was such an incident

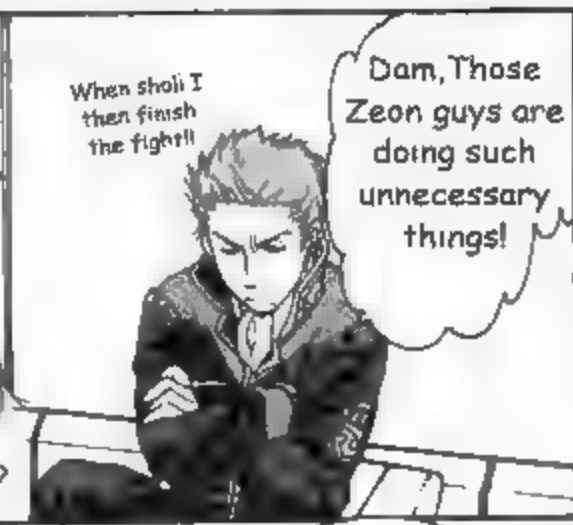

And there are other suspicious groups too

If they would appeal to logic, we wouldn't have to work so hard

When shall I then finish the fight!!

When shall I then finish the fight!!

Dam, Those Zeon guys are doing such unnecessary things!

Couldn't they let us stay in peace, since we already have our hands full with cleaning the remnant or Eliard?

That Anti Earth federation movement? Those are really annoying

May of U C 0085 The day of fate was slowly coming closer____

You're right

Yes

Episode 11

The plan
is going
smoothly

It's a a
small job
before
the
big
job

A test
team?

..yes

We have
stationed the
test team of
the Aswan to
escort the
transport ship

or
That's
good

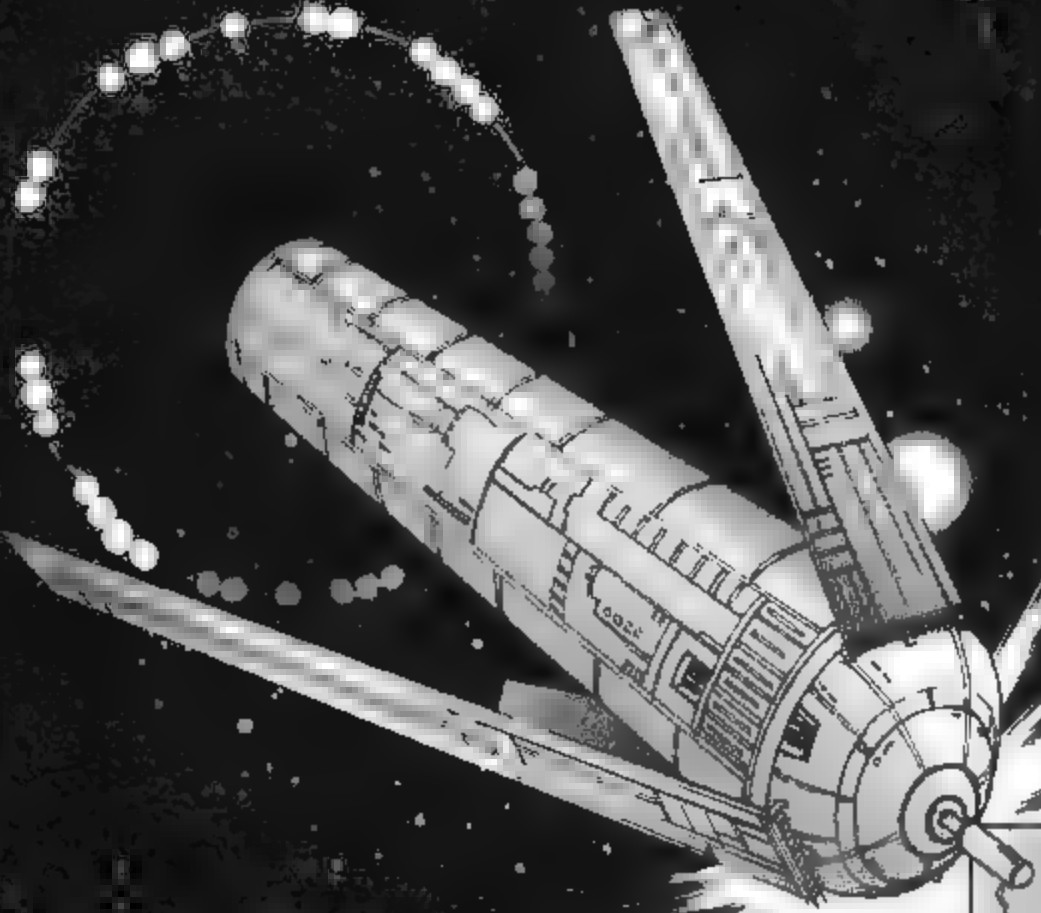

It was
called
Black
rabbit

There's a
Gundam
type, for
tes type...

Since it's a
big job which
will be written
in history

A big job?
— No

The fact
that a
Gundam is
involved in
this
mission
is
symbolic

Side 1
Banch 30

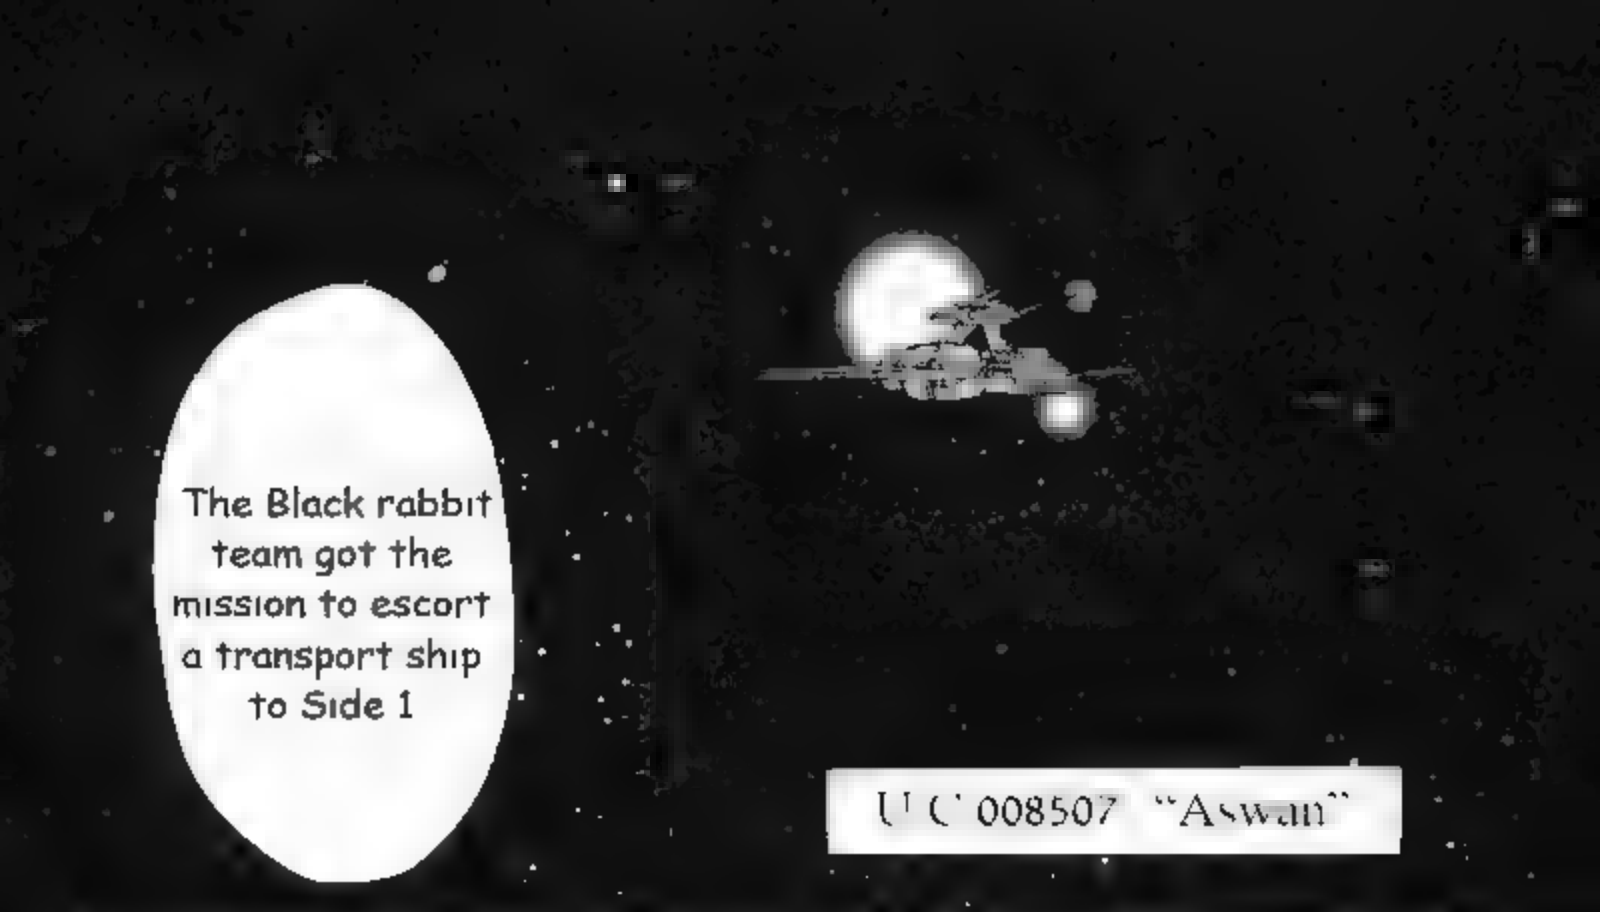

It got the base
of the Anti
Earth Federa-
tion activities
which got
active in the
recent years

Episode 21

00850731

Their main goal
was to gain
independence
for the
spacenoids

The Black rabbit
team got the
mission to escort
a transport ship
to Side 1

U C 008507 "Aswan"

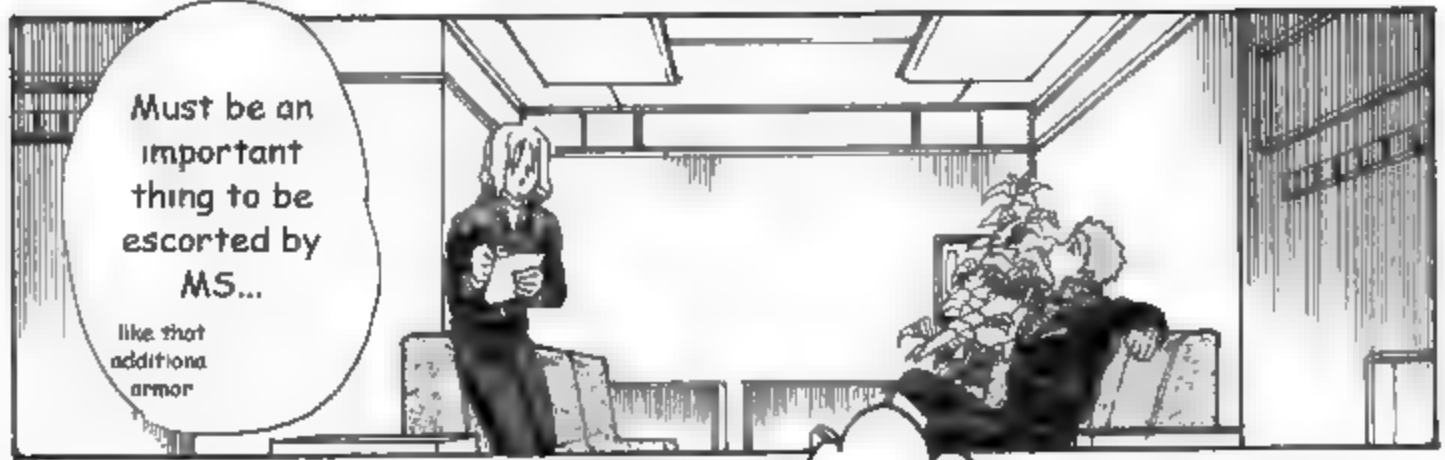

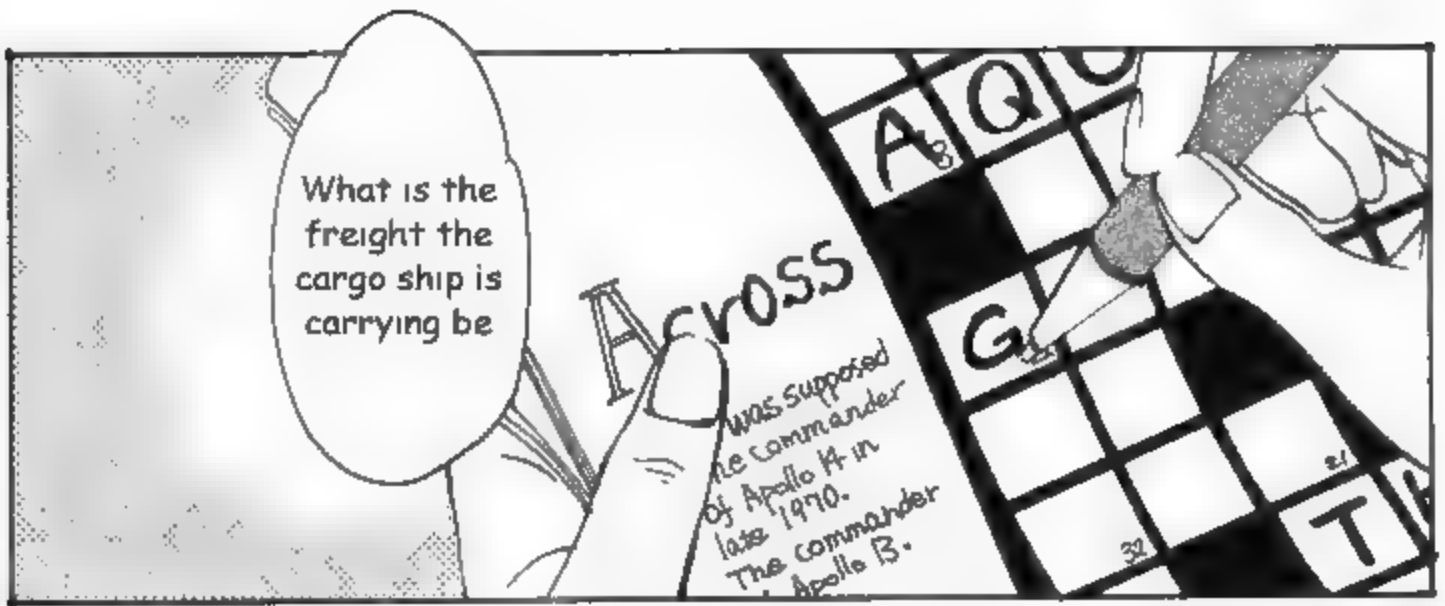

At Side 1,
there is a
base of the
Anti Earth
Federation
government
movement

So take
care

And since
there is an
information, that
these resistant
groups are working
together with
the Zeon
remnants

When it is
applied by
the Titans, it
will replace
the GM

It seems
to be
well done

"Hi-Zack"

since it
joins Black
rabbit, you
should at
least
learn the
name

Cappy
likes
such
things

It's
Hi-Zack

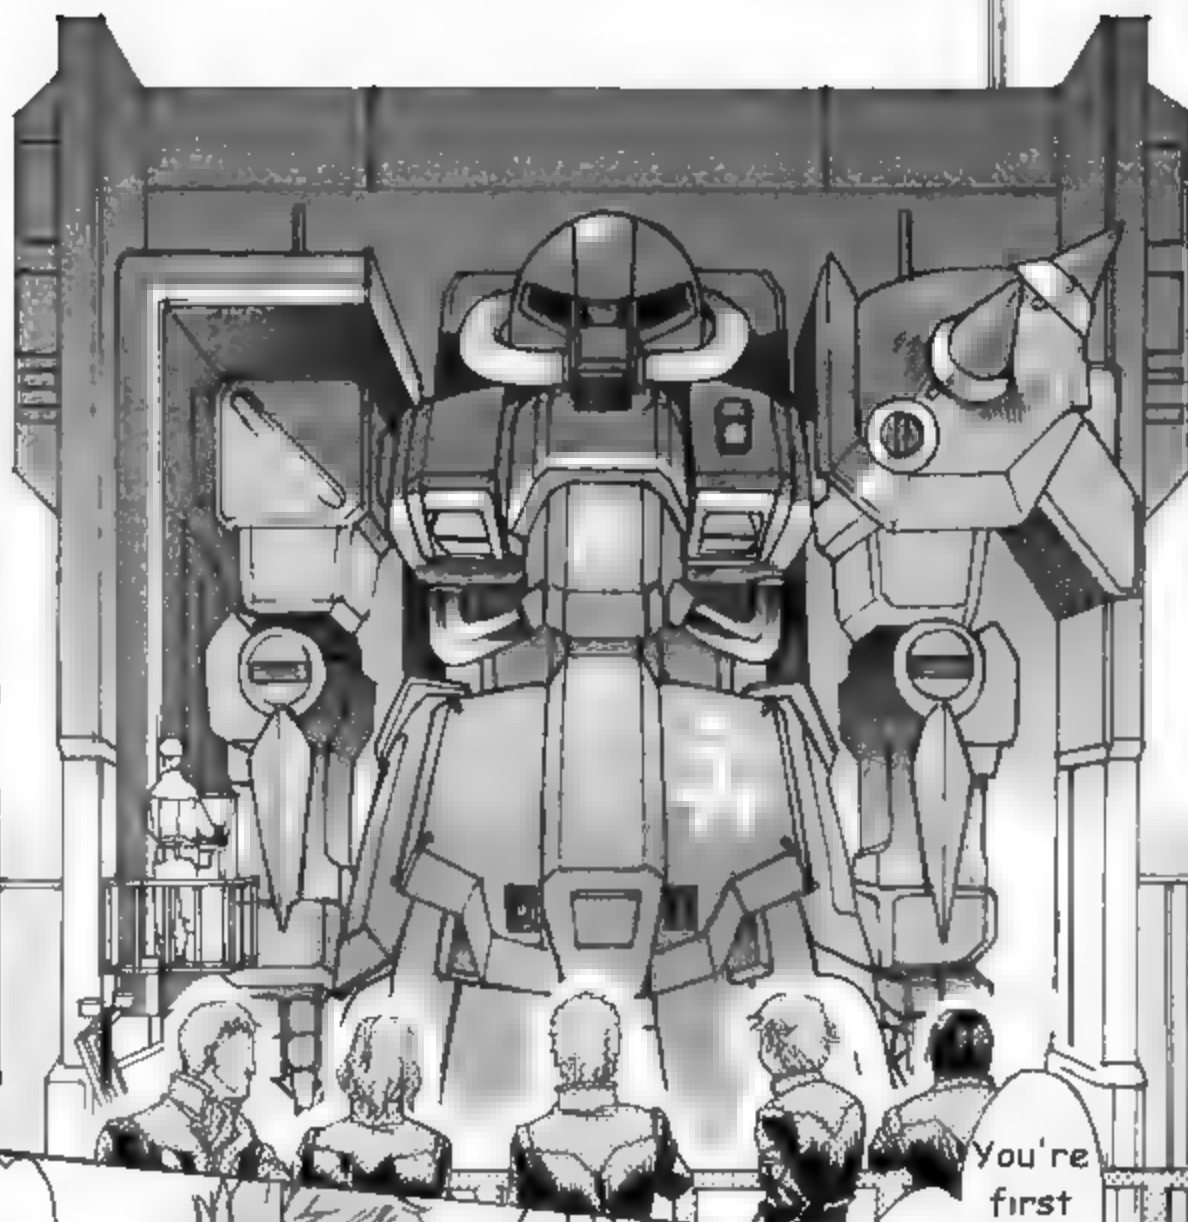

So a
Gundam and
a Zaku in
one Team

They
just
changed
the
name

Then let's
see that
dreadful
thing

I.. I can't
My body
won't
accept that

...Oh

It, it's a Zaku
There's nothing special!

You're first impression
Say the truth

"A good machine can survive"

That's what team leader Murphy said

don't tell a lie

We don't know as long as we haven't used it
you also disliked it

A new model is so good...

expect of the appearance

It's better than I expected

You...

Have decided
to select the
best possible
choice

to fight to
survive

...I

No, that's
not it!

Right
or

Was it
that a big
shock that
the Zaku
escaped at
Side 1

It is sad
for the new
machine
when it is
disliked by
the pilots

I defi-
nitely
not!

The team
leader has
the TR-1
so

Then who
will ride it?

Audrey

that
Eliard
changed
a bit?

Don't
you
think

Pete was
calling you.
You should
go to him

I
under-
stood

You mean
that he
doesn't use
noble language
when he talks
to me?

That's
not it

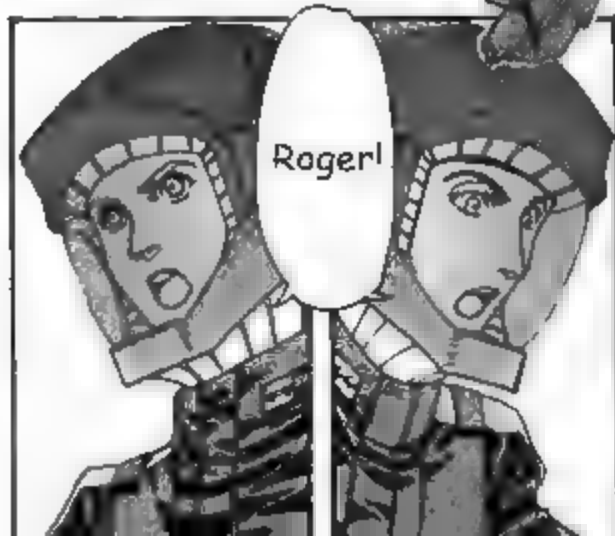

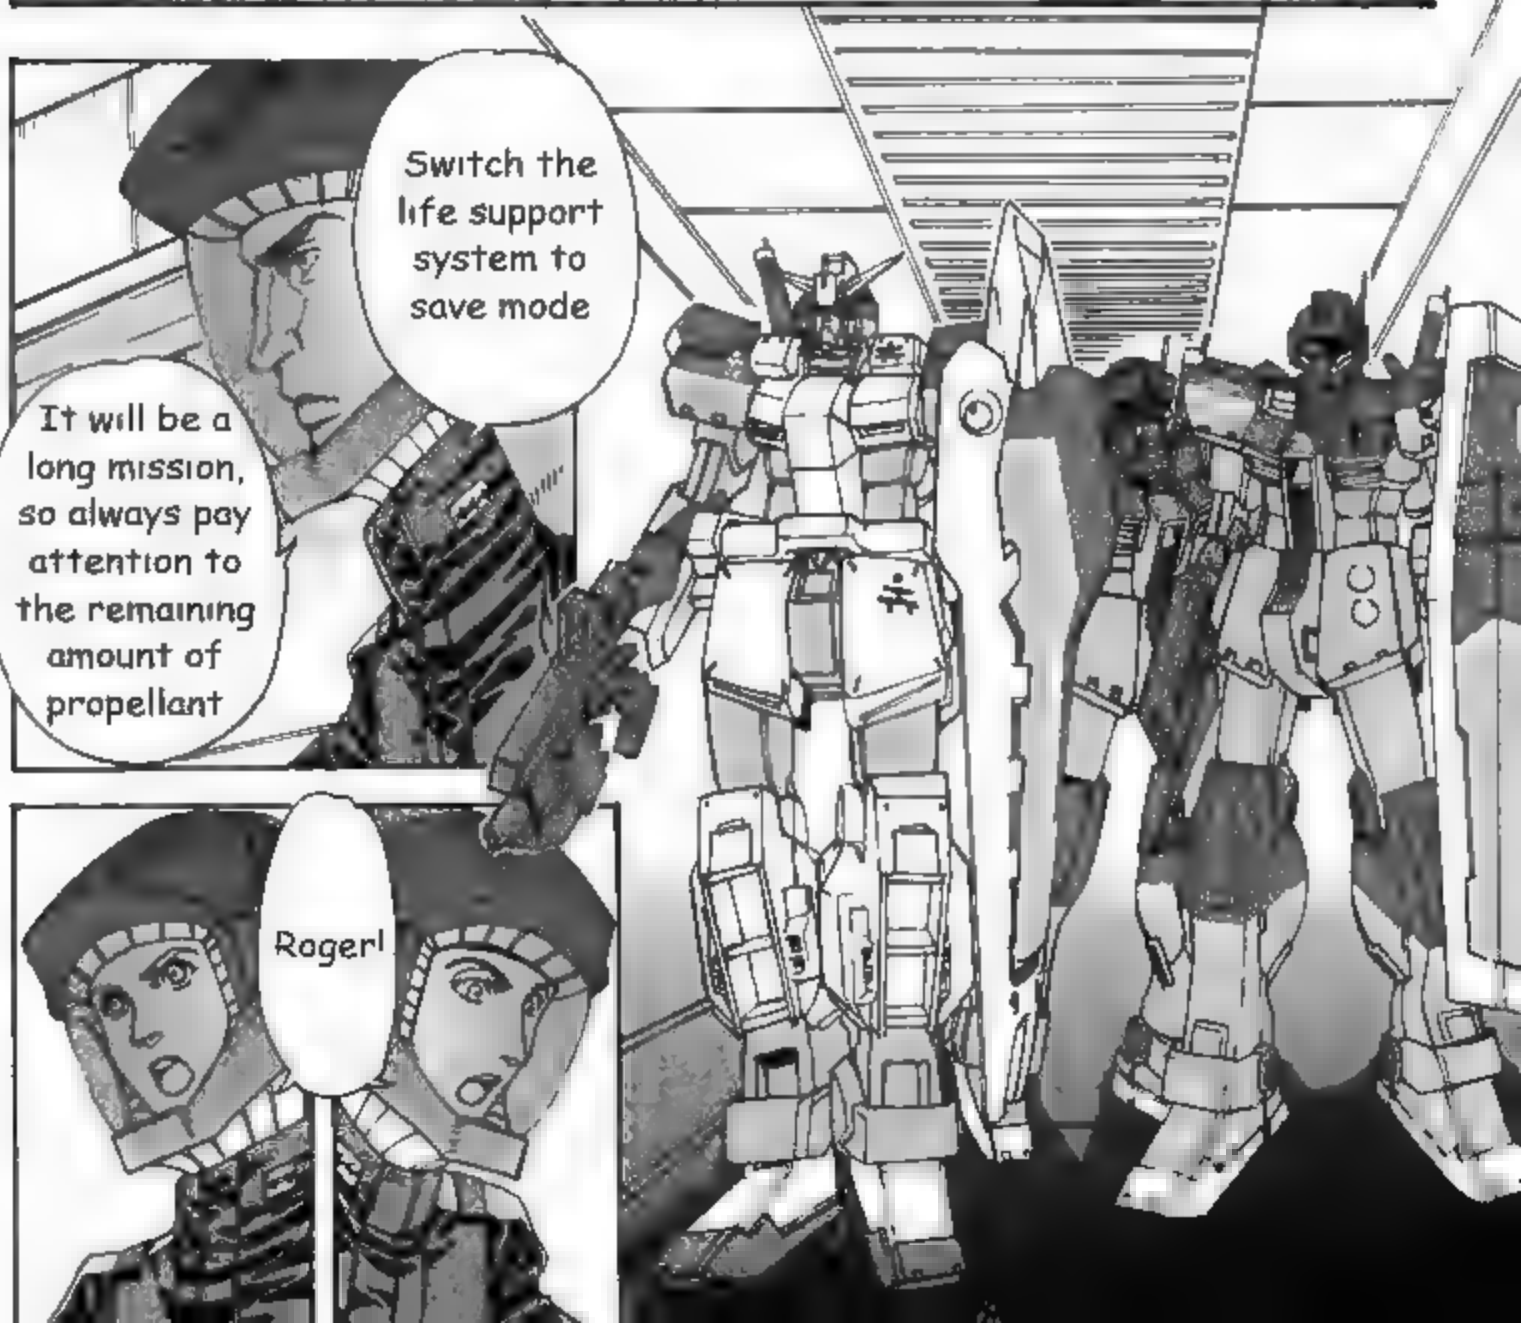

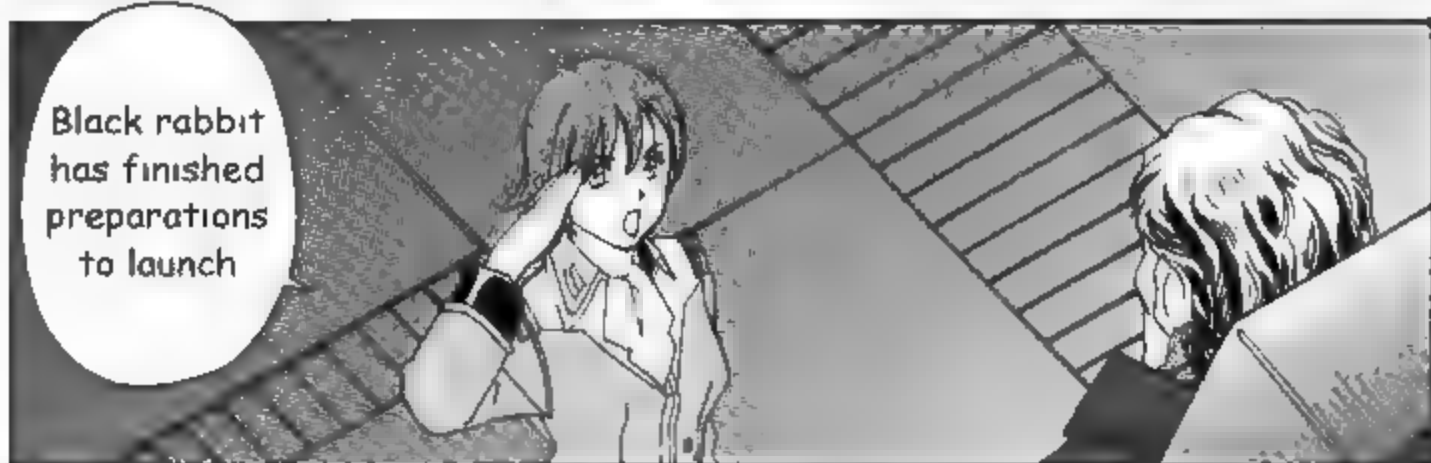

Well...

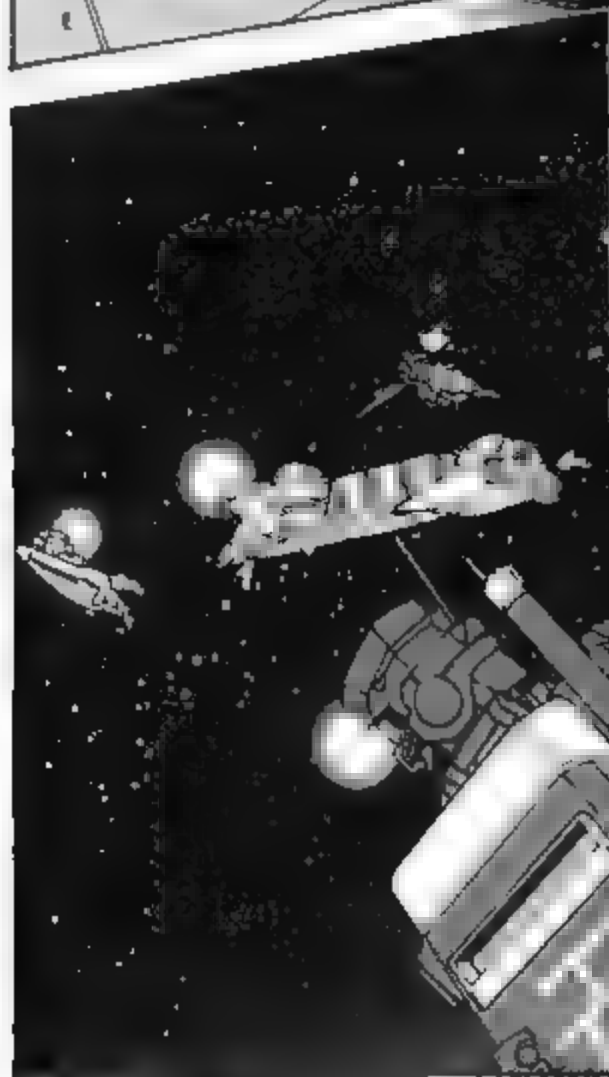

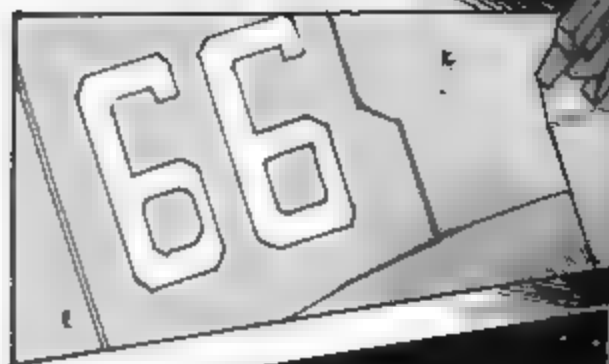

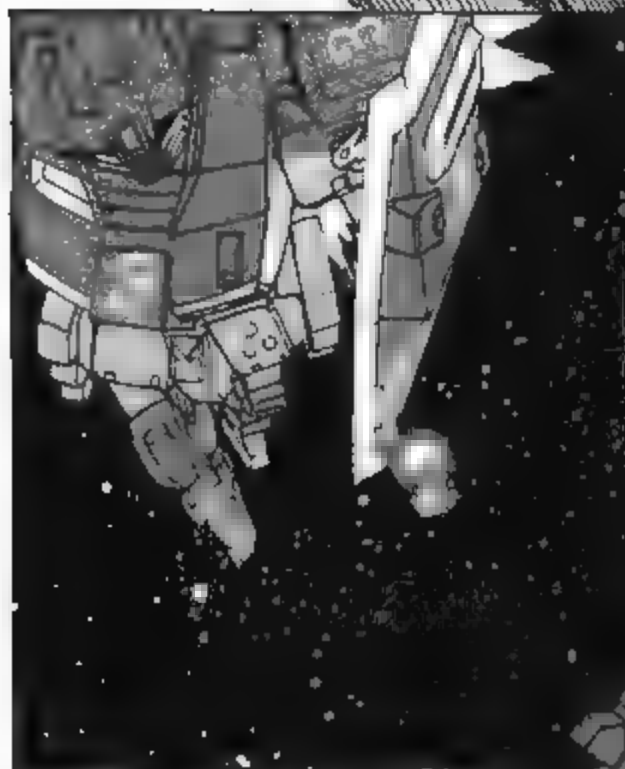

Is that a
change ...
of mind...

He doesn't
call himself
me anymore

The trans-
port ship will
begin to
accelerate in
10 minutes
We're
launching

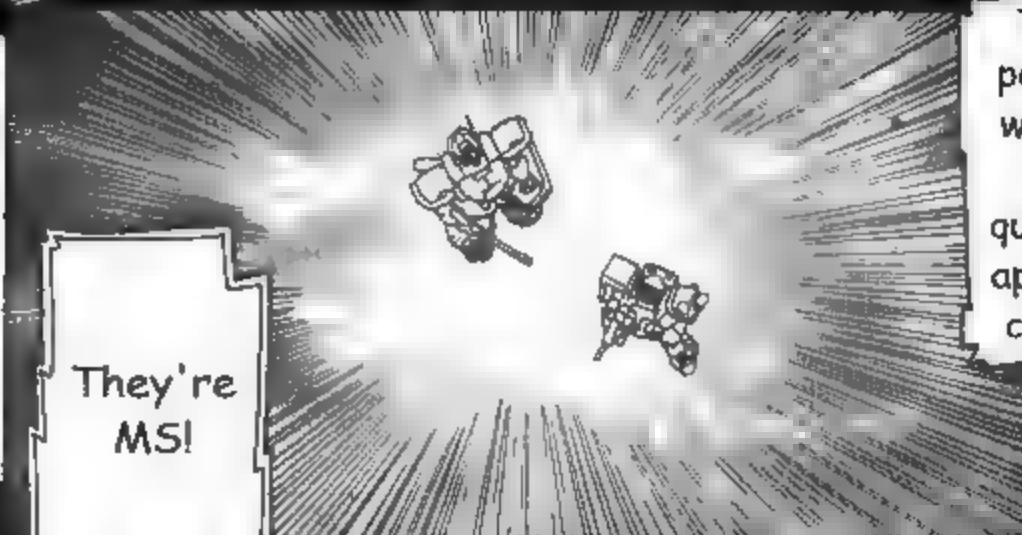

On
planetary
orbit, on
12 o'clock

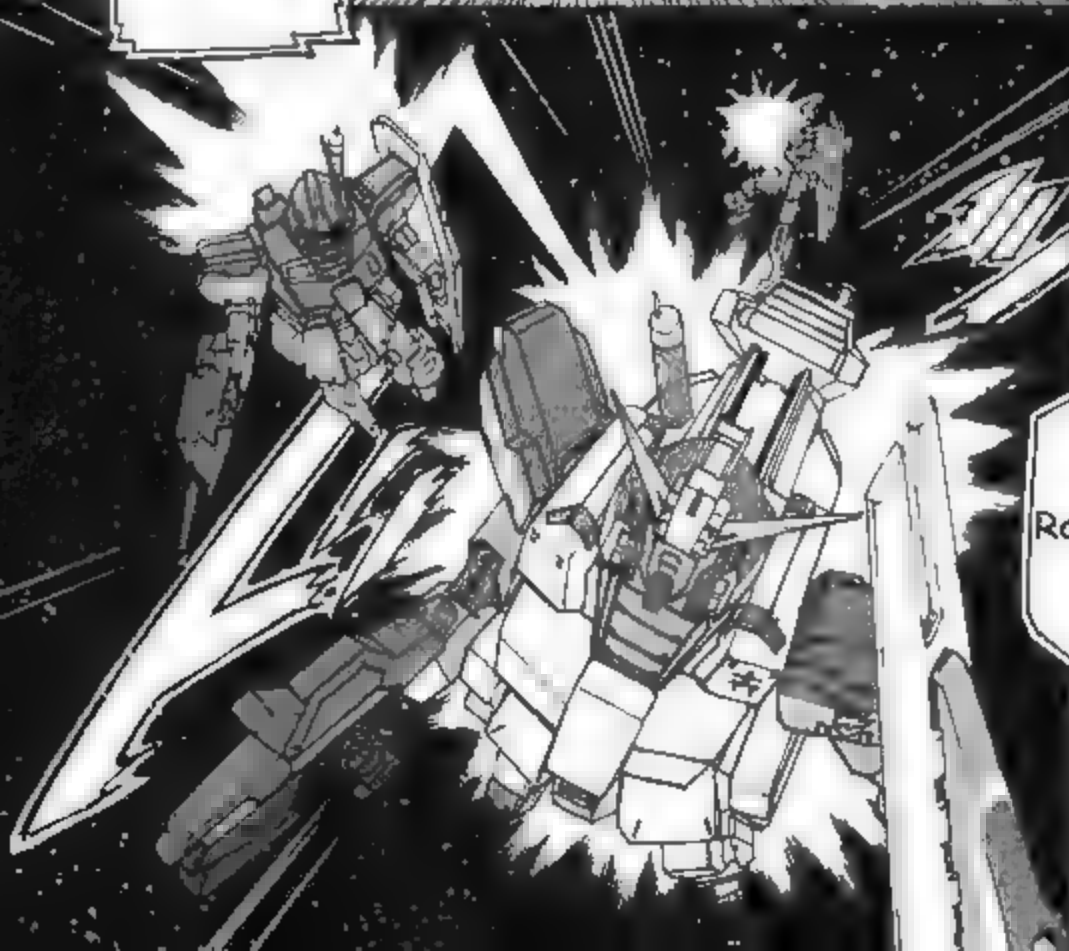

Carl's
sense
was
wrong

It
doesn't
seem to
be a
secret
weapon

They're
MS!

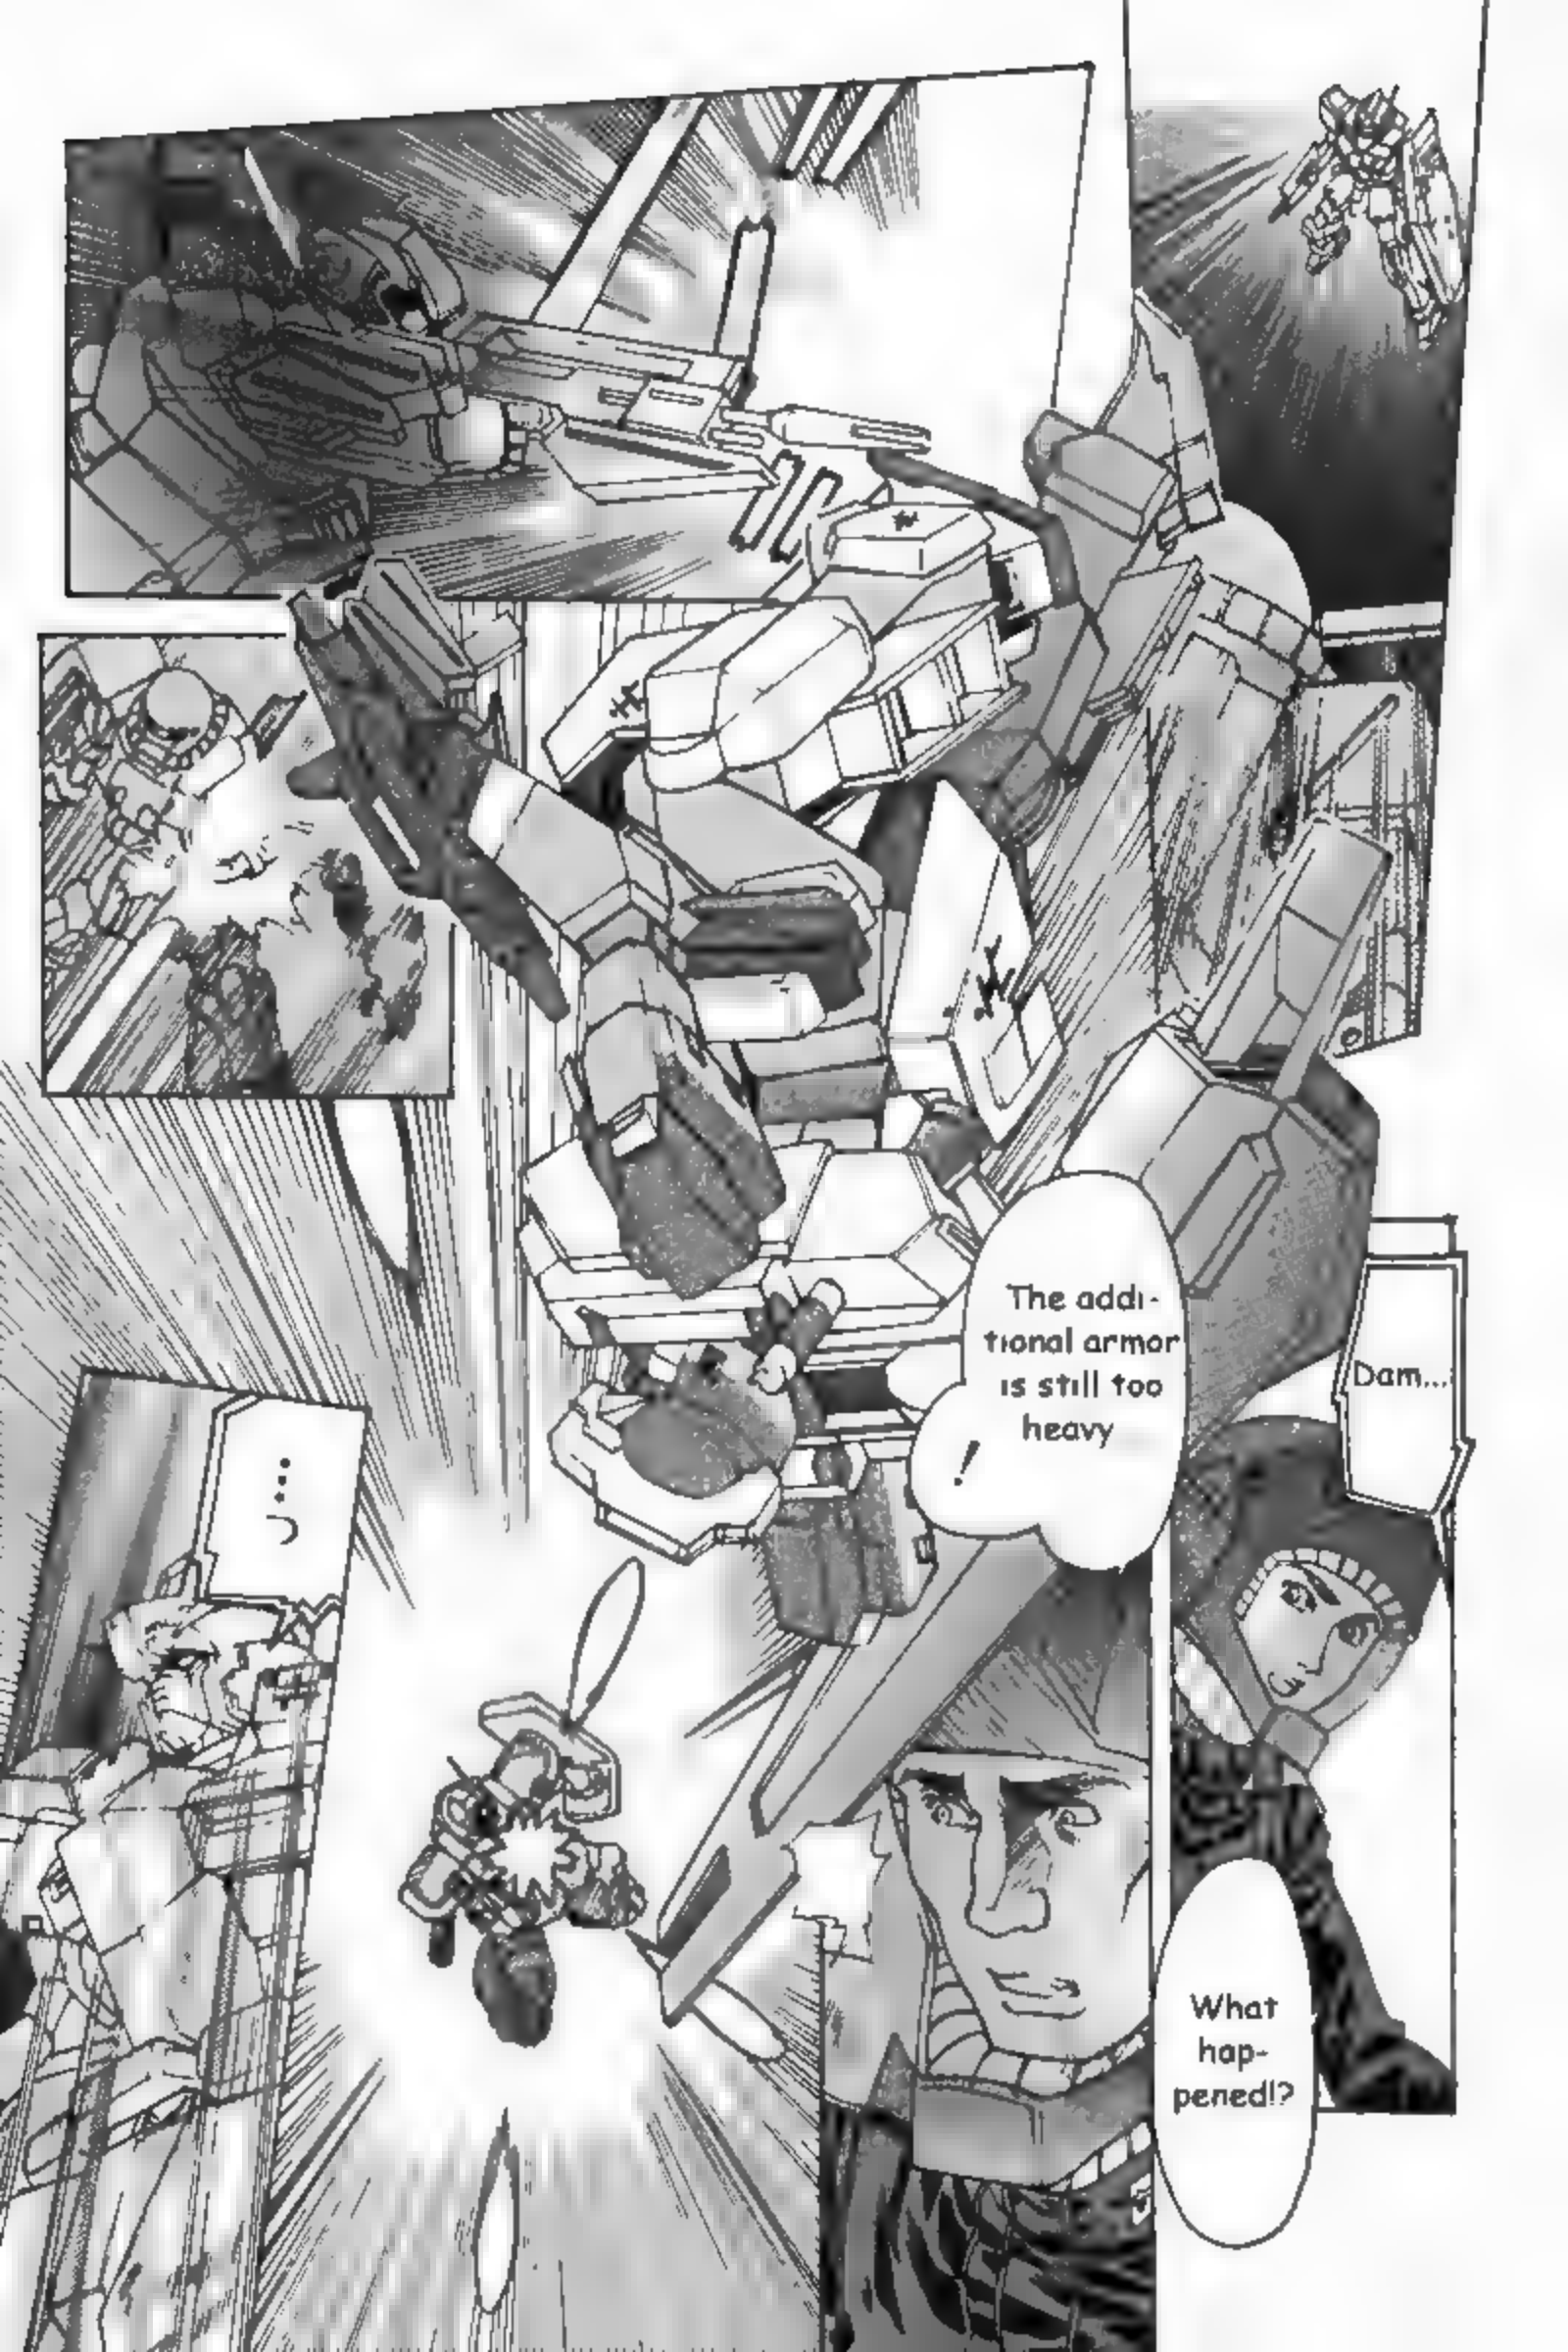

Two
points
which
are
quickly
approa
ching

Eliard,
we're
going
forward
support

Roger!

The additional armor is still too heavy !

Dam...

What happened?

...

Team
leader...!
